[5/15/2010 4:06:12 PM] Richard R: First, I was very confused as this didnt seem like a testing task. So I asked questions and clarified that.

Next I followed the instructions on the Prezi website, and got a 'feel' for the application.

Next I tried the UI, and found many usability issues that made it hard for me to create my prezi

[5/15/2010 4:06:27 PM] Richard R: I tried a few things, and eventually, I finished my prezi and did the bug report

[5/15/2010 4:06:40 PM] Richard R: Overall, a neat concept, and with practice, I might use it again

[5/15/2010 4:06:45 PM] Weekend Testing: Good wrk Richard!!

[5/15/2010 4:07:02 PM] Weekend Testing: can you please share us the usability issues which you faced

[5/15/2010 4:07:34 PM] Richard R: I found it hard to enter text sometimes. Double clicking would bring up the text box, but I couldn't get the thing to go away again

[5/15/2010 4:07:45 PM] Richard R: In the end I used duplicate to move on to the next text title

[5/15/2010 4:08:02 PM] Ajay Balamurugadas: Smart

[5/15/2010 4:08:04 PM] Richard R: I also had a strange blue square appear that I could not get rid of. I still don't know what it was

[5/15/2010 4:08:34 PM] Ajay Balamurugadas: Easy to learn tool?

[5/15/2010 4:08:37 PM] Richard R: And then I had to play around a bit to understand the 'slides' and how the ordering worked

[5/15/2010 4:08:55 PM] Weekend Testing: Richard is the tool easy to learn?

[5/15/2010 4:09:07 PM] Richard R: Many features are very usable, which made it easy to learn for me. I found it intuitive in many cases, so I could learn by doing.

[5/15/2010 4:10:20 PM] Weekend Testing: Are you feeling whether this tool can be used anywhere in the work?

[5/15/2010 4:10:37 PM] Weekend Testing: If so can you please share us where you think it can be used much and effectively :)

[5/15/2010 4:10:59 PM] Richard R: Yes, it is a neat tool that can be used to create mind maps

[5/15/2010 4:11:08 PM] Richard R: The maps can then be easily shared with others

[5/15/2010 4:11:11 PM] Richard R: I like that a lot

[5/15/2010 4:11:23 PM] Richard R: But you are restricted by your computer performance, I feel.

[5/15/2010 4:11:53 PM] Weekend Testing: There is a Prezi desktop option available

[5/15/2010 4:11:58 PM] Weekend Testing: That might help

[5/15/2010 4:12:18 PM] Richard R: Yes, great idea. I might look into that.

[5/15/2010 4:13:01 PM] Lakshminarasimha Mohan: yes this is a good tool we can use it. I think this can be used for sharing the ideas etc., However, the watermark and other things limit it to be used in the company environment

[5/15/2010 4:13:14 PM] Lakshminarasimha Mohan: you cannot share it to customers

[5/15/2010 4:13:25 PM] Weekend Testing: LN: We cannot share?

[5/15/2010 4:13:52 PM] Weekend Testing: There are only 2 reports up on WT site

[5/15/2010 4:14:03 PM] Weekend Testing: Plz upload - who have not yet uploaded

[5/15/2010 4:14:56 PM] Lakshminarasimha Mohan: I have uploaded it

[5/15/2010 4:15:08 PM] Weekend Testing: Richard, anything else you would like to share?

[5/15/2010 4:16:07 PM] Richard R: nope, that's it from me. I'm very interested in hearing from the others.

[5/15/2010 4:16:14 PM] Weekend Testing: :)

[5/15/2010 4:16:26 PM] Weekend Testing: Thanks Richard. LN you want to go next?

[5/15/2010 4:16:53 PM] Lakshminarasimha Mohan: yes.

[5/15/2010 4:17:23 PM] Lakshminarasimha Mohan: This is a cool session. This is my first weekend session. Everything was good except the hotel internet.

[5/15/2010 4:18:23 PM] Lakshminarasimha Mohan: Initially I was like we are learning the tool and creating a presentation on its features and improvements. Later got clarification from Ajay that helped me to understand the real mission and continue

[5/15/2010 4:18:53 PM] Weekend Testing: Asking questions helps :)

[5/15/2010 4:19:08 PM] Lakshminarasimha Mohan: It was really quick and we could learn to a reasonably good extent and test it as well. The tool is really good.

[5/15/2010 4:19:14 PM] kavithadeepak2028: I am done with my presentation. I have few inputs.

[5/15/2010 4:19:19 PM] kavithadeepak2028: 1.

[5/15/2010 4:19:25 PM] Weekend Testing: One sec Kavitha

[5/15/2010 4:19:30 PM] Weekend Testing: Let LN finish :)

[5/15/2010 4:20:00 PM] Lakshminarasimha Mohan: This session was impressive. Look forward to attending more of these sessions. I could find some strange issues

[5/15/2010 4:20:56 PM] kavithadeepak2028: No doubt it's a very good tool. Found some strange issues like Undo doesn't map with keyboard. Group editing is not possible.

[5/15/2010 4:21:20 PM] kavithadeepak2028: ok, sorry

[5/15/2010 4:21:32 PM] Lakshminarasimha Mohan: In the registration page there are 2 Http requests for http://:/ this is an invalid URL which will not really go to the server but will have performance deprecation as the client side waiting time will cost

[5/15/2010 4:21:39 PM] Weekend Testing: LN: will you use this in your day to day testing?

[5/15/2010 4:21:41 PM] Lakshminarasimha Mohan: this cannot be seen out side

[5/15/2010 4:22:05 PM] Weekend Testing: well, that's an interesting observation

[5/15/2010 4:22:14 PM] Weekend Testing: Who's next?

[5/15/2010 4:22:19 PM] Lakshminarasimha Mohan: This was found while I was waiting for registration. I will try to use it

[5/15/2010 4:22:26 PM] Lakshminarasimha Mohan: That's all from me

[5/15/2010 4:22:56 PM] Weekend Testing: Cool

[5/15/2010 4:24:49 PM] Weekend Testing: Yes kavitha :)

[5/15/2010 4:24:49 PM] Weekend Testing: sure

[5/15/2010 4:25:50 PM] kavithadeepak2028: It was very interesting exercise. Few observations like, Undo button not mapped with keyboard was annoying me. And also I was not able to combine the items and apply settings

[5/15/2010 4:26:25 PM] kavithadeepak2028: In that case, last minute changes is really time consuming

[5/15/2010 4:26:46 PM] Weekend Testing: Testers, please be ready with a short note of your experience, learning, mistakes.

[5/15/2010 4:34:49 PM] Weekend Testing: or shared the link?

[5/15/2010 4:34:54 PM] Karthikeyan Subramanian: no..

[5/15/2010 4:35:13 PM] Karthikeyan Subramanian: am yet to upload..

[5/15/2010 4:35:26 PM] Weekend Testing: ok, a question to testers:

[5/15/2010 4:35:51 PM] Weekend Testing: what was the mission according to each of you in this session:

[5/15/2010 4:36:07 PM] Weekend Testing: Please type the mission which you tried to achieve in this session.

[5/15/2010 4:36:45 PM] Richard R: Learn, enjoy and produce a prezi, and note the experience

[5/15/2010 4:37:50 PM] kavithadeepak2028: Create presentation in prezi, explore all options and share experience

[5/15/2010 4:37:55 PM] Lakshminarasimha Mohan: Using the Preize tool to as users for to find defects as testers. Here, the objective is more on usability perspective.

[5/15/2010 4:38:41 PM] \*\*\* Weekend Testing ejected Indra from this conversation. \*\*\*

[5/15/2010 4:38:57 PM] \*\*\* Weekend Testing ejected Amit Kulkarni from this conversation. \*\*\*

[5/15/2010 4:39:02 PM] \*\*\* Weekend Testing ejected sattsingh from this conversation. \*\*\*

[5/15/2010 4:39:24 PM] Lakshminarasimha Mohan: We are all testers, we all did the same testing on same application yet we all have so diffrent thoughts on the objective. Good question Ajay.

[5/15/2010 4:39:44 PM] Karthikeyan Subramanian: whatever it may be but actual mission is to find the bugs as we are testers

[5/15/2010 4:40:01 PM] Karthikeyan Subramanian: :)

[5/15/2010 4:40:12 PM] Weekend Testing: :) so, what's the final thoughts: we had our own interpretations...

[5/15/2010 4:40:51 PM] Lakshminarasimha Mohan: It was more a question to ask the tool "How usable are you?"

[5/15/2010 4:42:27 PM] Weekend Testing: hmmm, so many times we face this situation in work.

[5/15/2010 4:42:40 PM] Weekend Testing: team members have their own interpretations of the same task

[5/15/2010 4:43:44 PM] kavithadeepak2028: yes, I agree with you. Not only with team even with requirements.

[5/15/2010 4:44:31 PM] Weekend Testing: cool

[5/15/2010 4:44:44 PM] Weekend Testing: questioning and clarifying plays such an important role.

[5/15/2010 4:45:02 PM] Lakshminarasimha Mohan: It is more a perception of each individual about the requirement.

[5/15/2010 4:45:38 PM] Lakshminarasimha Mohan: Yes Ajay. without questioning it cannot be understood or interpreted correctly

[5/15/2010 4:46:25 PM] Weekend Testing: yes. Ashik u ready to share your experience?

[5/15/2010 4:46:46 PM] ashik1206: ok i hope i am ready

[5/15/2010 4:51:52 PM] Weekend Testing: one question to Ashik:

[5/15/2010 4:51:56 PM] ashik1206: ok

[5/15/2010 4:52:05 PM] Weekend Testing: why did you insert so many characters?

[5/15/2010 4:52:13 PM] Weekend Testing: mission was to create a ppt right>?

[5/15/2010 4:52:15 PM] Jassi: Hey I m just an observer, i m in office

[5/15/2010 4:52:26 PM] ashik1206: Cause the application is allowing me to insert that much

[5/15/2010 4:52:35 PM] ashik1206: So i went for it

[5/15/2010 4:52:41 PM] Jassi: was toggling in between the application & Skype :(

[5/15/2010 4:53:05 PM] Richard R: sometimes. i wasnt certain if it was me, or the functions i was trying to perform or the performance.

[5/15/2010 4:53:05 PM] Jassi: & just Retweeting, sorry

[5/15/2010 4:53:14 PM] Richard R: as it was still so new, it was difficult to isolate the issue

[5/15/2010 4:53:38 PM] ashik1206: another thing:

[5/15/2010 4:54:57 PM] ashik1206: if i give more than 100 char title, it seems that that title goes beyond the page frame in showcase section

[5/15/2010 4:55:11 PM] Weekend Testing: well, those seem to be the issues.

[5/15/2010 4:55:32 PM] Weekend Testing: what do you think? was it within scope of the mission?

[5/15/2010 4:55:49 PM] ashik1206: i was just exploring and i found that

[5/15/2010 4:56:04 PM] Weekend Testing: Testers: Should we meet the mission or give information?

[5/15/2010 4:56:26 PM] ashik1206: not in the scope i thought may be important to customers

[5/15/2010 4:56:43 PM] ashik1206: as they would not like this kind of odd scenario

[5/15/2010 4:56:56 PM] Weekend Testing: Hmmm, do you think you met the mission. I still don;'t see the ppt

[5/15/2010 4:57:22 PM] ashik1206: yes i haven't uploaded it yet :(

[5/15/2010 4:57:30 PM] ashik1206: i haven't met the mission
