[8/7/2010 3:02:55 PM] Weekend Testing: Thanks Tejas.

[8/7/2010 3:03:09 PM] Dhara Sapu: Hi Ajay

[8/7/2010 3:03:40 PM] Weekend Testing: Hi Dhara

[8/7/2010 3:04:06 PM] Weekend Testing: So, any questions?

[8/7/2010 3:04:41 PM] Tejas Shah: where to report bugs?

[8/7/2010 3:05:19 PM] Dhara Sapu: Is there a specific area of the application to focus at OR is it the whole site

[8/7/2010 3:05:49 PM] Weekend Testing: Please report bugs here: <http://typewith.me/67BACgt7Yx>

[8/7/2010 3:06:01 PM] Weekend Testing: You can select your own quality criteria

[8/7/2010 3:06:23 PM] Weekend Testing: Its upto you to select any particular part of the website.

[8/7/2010 3:06:33 PM] Dhara Sapu: okay

[8/7/2010 3:08:43 PM] Weekend Testing: Please be aware of traps

[8/7/2010 3:08:50 PM] Weekend Testing: you might just fall into them

[8/7/2010 3:10:10 PM] Weekend Testing: Any questions friends?

[8/7/2010 3:19:48 PM] *** Weekend Testing added Ashwith Rai ***

[8/7/2010 3:21:20 PM] Weekend Testing: Hi Ashwith, mission and details pasted in private

[8/7/2010 3:37:21 PM] Weekend Testing: Did anyone look into this site?
<http://our.umbraco.org/projects/backoffice-extensions/pixlr/bug-reports>

[8/7/2010 3:40:10 PM] Weekend Testing: Hello, Anyone here? How's it going?

[8/7/2010 3:40:29 PM] Pradeep Soundararajan: :)

[8/7/2010 3:41:42 PM] Pradeep Soundararajan: This page : <http://www.pixlr.com/wiki/> : is interesting. It has a Show Page Source and I thought some HTML would come up but it turned out to be text.

[8/7/2010 3:42:32 PM] Pradeep Soundararajan: The three icons Up / Down / Down Right after the Page Source clicked, acts funny.

[8/7/2010 3:44:38 PM] Pradeep Soundararajan: Do you see that?

[8/7/2010 3:44:53 PM] Weekend Testing: I don't see the three icons

[8/7/2010 3:46:52 PM] Weekend Testing: Click on Show page source. Change the width of the viewable area. Drag at bottom right till it disappears

[8/7/2010 3:47:01 PM] *** Pradeep Soundararajan sent pixlr1.JPG ***

[8/7/2010 3:49:27 PM] Weekend Testing: It seems that icons are displayed only for certain pages

[8/7/2010 3:49:45 PM] Pradeep Soundararajan: maybe, also, I am running Firefox

[8/7/2010 3:50:30 PM | Edited 3:50:48 PM] Weekend Testing: seems they are available for IE and Mozilla FF

[8/7/2010 3:50:36 PM] Weekend Testing: unavailable for Chrome

[8/7/2010 3:52:04 PM] Pradeep Soundararajan: Do you also notice in the screen shot I sent, there is a "Show page" button in the page itself :)

[8/7/2010 3:52:08 PM] Pradeep Soundararajan: I like that!

[8/7/2010 3:52:32 PM] Pradeep Soundararajan: Its interesting to me that a page has a button to show page which still on clicking is on the same page.

[8/7/2010 3:55:32 PM | Edited 3:55:41 PM] Weekend Testing: Wondering how this site would behave without Adobe Flash Player installed.

[8/7/2010 3:56:07 PM] Pradeep Soundararajan: I am on : <http://www.pixlr.com/editor/>

[8/7/2010 3:56:42 PM] Weekend Testing: Last five mins.

[8/7/2010 3:57:30 PM] Pradeep Soundararajan: Cool. Use the sharpening tool (The green triangle) on text in an image.

WT45 Session Chat Transcript

[8/7/2010 3:57:44 PM] Pradeep Soundararajan: It doesn't sharpen but it acts like a brush or something

[8/7/2010 3:58:02 PM] Pradeep Soundararajan: I am not testing anything but these are problems dancing in front of me

[8/7/2010 3:58:58 PM] Weekend Testing: I face this quite often "The layer must first be rasterized to be editable"

[8/7/2010 3:59:21 PM] Weekend Testing: No idea on how to rasterize the layer

[8/7/2010 3:59:23 PM] Pradeep Soundararajan: rasterized? whats that?

[8/7/2010 3:59:32 PM] Pradeep Soundararajan: you don't know how to rasterize?

[8/7/2010 3:59:41 PM] Pradeep Soundararajan: so simple, just rasterize it man

[8/7/2010 3:59:46 PM] Pradeep Soundararajan: that is what they say

[8/7/2010 4:00:28 PM] Weekend Testing: :)

[8/7/2010 4:02:56 PM] Weekend Testing: Clicking on the triangle tool and continuously clicking on the text sharpens the text

[8/7/2010 4:03:21 PM] Pradeep Soundararajan: really, interesting, let me try that

[8/7/2010 4:04:13 PM] Pradeep Soundararajan: but thats not the way most users I know wont do it

[8/7/2010 4:06:39 PM] Weekend Testing: Friends, are you still testing? Or we start discussing?

[8/7/2010 4:11:46 PM] Weekend Testing: Please stop testing

[8/7/2010 4:11:55 PM] Pradeep Soundararajan: ok

[8/7/2010 4:12:19 PM] Weekend Testing: Interesting session : very few questions were raised

[8/7/2010 4:14:02 PM] Weekend Testing: Only questions: Where to report bugs and Which part of the site to test?

[8/7/2010 4:14:10 PM] Pradeep Soundararajan: great

[8/7/2010 4:14:57 PM] Pradeep Soundararajan: sometimes not asking questions also helps

[8/7/2010 4:17:09 PM] Weekend Testing: I wonder if there's anyone online here apart from Pradeep and myself.

[8/7/2010 4:17:53 PM] Pradeep Soundararajan: (wasntme)

[8/7/2010 4:18:58 PM] Pradeep Soundararajan: (party)

WT45 Session Chat Transcript

[8/7/2010 4:19:26 PM] Weekend Testing: Pradeep, maybe its left to us to discuss how we'd have approached testing the site

[8/7/2010 4:19:53 PM] Weekend Testing: Dhara seems to be back

[8/7/2010 4:19:55 PM] Pradeep Soundararajan: I think, more importantly we should discuss how to have mission statements that are more engaging

[8/7/2010 4:20:24 PM] Weekend Testing: Yes, that's also true.

[8/7/2010 4:21:46 PM] Dhara Sapu: Hi Ajay, i'm back to session, sry, was away for sometime

[8/7/2010 4:21:52 PM] Pradeep Soundararajan: Here is an example: Pablo Picasso, a famous painter has got rebirth. He is considering to use Pixlr for editing his online paintaing. Your job is to assess the problems associated with the software to help Pable Picasso arrive at a decision if he should use it.

[8/7/2010 4:23:04 PM] Weekend Testing: ok

[8/7/2010 4:24:57 PM] Weekend Testing: Anyone has anything to say?

[8/7/2010 4:25:09 PM] Pradeep Soundararajan: nope

[8/7/2010 4:25:37 PM] Weekend Testing: Then we end the session.

[8/7/2010 4:25:57 PM] Weekend Testing: Hope to get more challenging and interesting missions from next weekend.

[8/7/2010 4:26:04 PM] Dhara Sapu: I can say something in brief

[8/7/2010 4:26:06 PM] Weekend Testing: Thanks friends.

[8/7/2010 4:26:12 PM] Weekend Testing: Yes, Dhara

[8/7/2010 4:26:27 PM] Dhara Sapu: i checked the image create and online editing sections

[8/7/2010 4:26:46 PM] Dhara Sapu: and put few things i noted in typewithme session

[8/7/2010 4:27:07 PM] Dhara Sapu: i found some performance issues when creating and editing the images

[8/7/2010 4:27:47 PM] Dhara Sapu: for example ,after selecting a tool and trying to edit the inage, had to wait for sometime to see the effect get applied

[8/7/2010 4:28:48 PM] Dhara Sapu: but i think, overall the application is useful for photo editing, i did not understand the rasterizing image instructions though

[8/7/2010 4:29:21 PM] Weekend Testing: Somehow, the 'rasterization instruction' seems to pop up now and then

WT45 Session Chat Transcript

[8/7/2010 4:30:04 PM] Dhara Sapu: as i can remember i saw it after opening an existng image for editing

[8/7/2010 4:30:18 PM] Weekend Testing: ok.

[8/7/2010 4:30:35 PM] Weekend Testing: A simpler tool could be splashup.com

[8/7/2010 4:30:55 PM] Dhara Sapu: oh okay, will have a look

[8/7/2010 4:31:05 PM] Weekend Testing: <http://www.splashup.com/splashup/>

[8/7/2010 4:31:40 PM] Dhara Sapu: thanks

[8/7/2010 4:31:47 PM] Weekend Testing: ok Thanks Dhara for your views.

[8/7/2010 4:32:07 PM] Weekend Testing: Thanks testers. See you all in next session.

[8/7/2010 4:32:16 PM] Dhara Sapu: splashup UI looks similar to the one checked

[8/7/2010 4:32:28 PM] Dhara Sapu: okay thnak you Ajay and WT
