

Session Details:

Mission Provided:

Today's session is about Google Music <http://www.google.co.in/music> .

Pair up with another tester and provide feedback on the usability of this site.
After twenty minutes, exchange your notes & your partner for a new partner.

Let us start.

Testing Solo.

Web Browser: Chrome 10.0.648.204

Browser Size: 1024 x 673

Screen Resolution: 1024 x 768

Javascript: Is Enabled

Flash Version: 10(10.2.154)

Cookies: Are Enabled

Testing Based on <http://www.userfocus.co.uk/resources/guidelines.html>

Issue:

The user has to click on the Play button everytime the song ends. There is no repeat song option.

Report shared at: http://dl.dropbox.com/u/8987774/Website%20usability_Google%20Music.xls

Notes:

Tested for Home, Task orientation and Navigation & IA.

Clicked the same link twice. It opens up the same popup and plays the song from beginning.
Clicking on Song link plays the song directly.
