[3:47:18 PM] Weekend Testing: Hi reach2prassu! I'd like to add you on Skype. Weekend Testing

[3:47:49 PM] Weekend Testing: Hi

[3:48:09 PM] Weekend Testing: I will be adding other members to this chat. We will start testing session in ten mins.

[3:48:17 PM] *** Weekend Testing added Anuj Sharma ***

[3:48:17 PM] Prasanna: Hi

[3:48:33 PM] *** Weekend Testing added Aaron Hodder ***

[3:48:41 PM] *** Weekend Testing added vmvictorvm ***

[3:48:44 PM] *** Weekend Testing added Allmas Mullah ***

[3:49:24 PM] *** Weekend Testing added Sulaimon AGBOLUAJE ***

[3:50:50 PM] Weekend Testing: For first timers, Let me tell you in brief how a WeekendTesting session is conducted:

We will have an hour of testing session followed by an hour of discussion session.

Testing Session:

A mission would be provided and you are left on your own to work towards the mission.

You may use any tools or any techniques. You are responsible for your testing. You can ask questions in this chat or ping me in private if you do not want to disturb others.

Please feel free to ask any questions. You can pair up with any tester or wish to work solo.

In the discussion session, we will discuss on how you approached the mission, learning, mistakes and any other interesting experience.

And finally we are here to learn, share knowledge in a fail safe environment.

[3:52:50 PM] Sulaimon AGBOLUAJE: hi, this is my first time, what tools would i need to do the testing?

[3:53:26 PM] Weekend Testing: Hello everyone, this is Ajay Balamurugadas, your facilitator for today.!

[3:53:35 PM] Weekend Testing: Welcome to Weekend Testing Session No. 69

WT69 Session Chat Transcript

[3:53:47 PM] Weekend Testing: @Sulaimon - no special tools.

[3:53:54 PM] *** Weekend Testing added Philip Hoeben ***

[3:54:26 PM] Weekend Testing: Hi all, Please introduce yourselves. We will start the session in five mins.

[3:55:02 PM] Prasanna: Hi Guys, Nice to meet other testers. This is prasanna.

[3:55:05 PM] *** Weekend Testing added madhusudhan ***

[3:55:46 PM] Anuj Sharma: Hi..I am Anuj Sharma...Software Tester since past 13 months and I blog at <http://passionateesting.blogspot.com>

[3:56:14 PM] Weekend Testing: Hello Prasanna, Anuj, Welcome to WT. first time here?

[3:56:21 PM] Sulaimon AGBOLUAJE: Hi, i am sulaimon, i am new to testing and weekend testing. i am looking forward to learning a lot from this session

[3:56:21 PM] madhusudhan: hi madhusudhan from Bangalroe

[3:56:21 PM] Prasanna: yes Ajay

[3:56:28 PM] Anuj Sharma: Yes...:)

[3:56:38 PM] vmvictorvm: Hi, this is Victor from Canada. Volunteer software tester in various projects @ sourceforge

[3:56:43 PM] Weekend Testing: Any blog/ twitter details would be helpful :)

[3:57:00 PM] Weekend Testing: Nice to know about that, Victor!

[3:57:24 PM] Weekend Testing: hi Sulaimon, how did you find about weekend testing?

[3:57:30 PM] Philip Hoeben: Hi everybody this is Philip from the Netherlands. Tester since 4.5 years. First time to join this session, and even first time to use skype. Hopefully it works well without skype phone and webcam.

[3:57:31 PM] Prasanna: I recently joined the famous Twitter. I'll be tweeting at tweetprassu

[3:57:37 PM] Weekend Testing: hi Madhusudhan

[3:57:57 PM] vmvictorvm: twitter: vmvictorvm

[3:58:10 PM] Weekend Testing: Hi philip, welcome. We will not need call feature of skype. This will be only a chat session...

[3:58:18 PM] Weekend Testing: 2 mins left/// Excited?

[3:58:21 PM] Philip Hoeben: ok great

WT69 Session Chat Transcript

[3:58:31 PM] Sulaimon AGBOLUAJE: i am from london, i think there is an hour difference in the time zone

[3:58:40 PM] Philip Hoeben: I twitter at PhilipHoeben

[3:58:59 PM] Weekend Testing: is it 10.30 am there now?

[3:59:15 PM] Sulaimon AGBOLUAJE: no, 11.30

[3:59:33 PM] Weekend Testing: London +0100 from GMT?

[3:59:49 PM] Weekend Testing: or is london at GMT?

[3:59:49 PM] Sulaimon AGBOLUAJE: think so

[3:59:52 PM] Weekend Testing: ok

[3:59:58 PM] Weekend Testing: any questions?

[4:00:40 PM] Weekend Testing: Welcome you all once again. feel free to ask me questions, either here or in private.

[4:00:44 PM] Weekend Testing: Today's session is about Time Zone Conversion

<http://www.timezoneconverter.com/cgi-bin/tzc.tzc>

<http://wpp.greenwichmeantime.com/gmt-converter/index.htm>

Compare and contrast these two time zone converters.

1. How useful is each link to the user, tester?
2. What are the advantages/disadvantages in each of the converters?
3. If you had to design only ten tests for each of the converters, what would they be?

At the end of the testing session, I expect a testing report with answers to the above questions.

Lets get started.

[4:00:45 PM] Sulaimon AGBOLUAJE: yes, this is my first session and i dont know how this works or what do do yet, but ready to learn

[4:01:26 PM] Anuj Sharma: Let the Testing begin !!!

[4:01:39 PM] Weekend Testing: (y)

[4:02:37 PM | Edited 4:03:06 PM] Weekend Testing: Testing session is 60 mins long. You can pair with another tester if you want.

[4:03:29 PM] Sulaimon AGBOLUAJE: who can i pair with please?

[4:04:46 PM] Weekend Testing: we could pair

[4:04:47 PM] Weekend Testing: :0

[4:04:49 PM] Weekend Testing: :)

[4:05:03 PM] Weekend Testing: Any questions? feel free,

[4:05:49 PM] Sulaimon AGBOLUAJE: ok, how, i am already on the two website

[4:06:24 PM] *** Weekend Testing added Reshma ***

[4:06:30 PM] Weekend Testing: Hi Reshma, welcome/

[4:06:36 PM] Weekend Testing: mission pasted in private

[4:07:08 PM] Weekend Testing: Allmas, Anuj, Madhusudhan, Philip, Prasanna, Victor - any questions?

[4:07:32 PM] Philip Hoeben: Mm I don't know what to do. I can't see the msision. Do I need to go to a website?

[4:07:40 PM] Weekend Testing: Today's session is about Time Zone Conversion

3. If you had to design only ten tests for each of the converters, what would they be?

At the end of the testing session, I expect a testing report with answers to the above questions.

Lets get started.

[4:07:41 PM] Allmas Mullah: not yet

[4:08:41 PM] Weekend Testing: Philip, you got the mission?

[4:09:23 PM] Philip Hoeben: yes I have it

[4:10:25 PM] Anuj Sharma: So we're supposed to test the functionality of the time converters and the website as well in terms of usability??

[4:10:40 PM] Weekend Testing: Yes, that's a good reframe of the mission

[4:10:53 PM] Weekend Testing: also, mention the ten tests

[4:11:22 PM] Weekend Testing: Test if the conversion actually works...

[4:11:35 PM] Weekend Testing: test if its quick, easy to understand & use?

[4:11:47 PM] Weekend Testing: compare the two converters.

[4:11:59 PM] Weekend Testing: do the above pointers help?

[4:12:20 PM] vmvictorvm: yes

[4:12:51 PM] Weekend Testing: cool, continue then. you can collaborate with others at www.typewith.me

[4:13:26 PM] Philip Hoeben: database maintenance on typewithme

[4:13:48 PM] Weekend Testing: what do you mean by db maintenance?

[4:14:21 PM] Weekend Testing: you can prepare your report there...

[4:14:31 PM] Philip Hoeben: when I go to the site I got that message

[4:15:10 PM] Weekend Testing: <http://willyou.typewith.me> plz try

[4:15:12 PM] Philip Hoeben: I will note some things in notepad and paste it later on

[4:15:14 PM] Philip Hoeben: not problem

WT69 Session Chat Transcript

[4:16:22 PM] Philip Hoeben: Ok now I have access thanks. I just need to type "weekendtesting"?

[4:16:32 PM] Weekend Testing: anyone stuck?

[4:16:35 PM] Weekend Testing: yes

[4:16:58 PM] Weekend Testing: and share the url Philip

[4:17:09 PM] Philip Hoeben: <http://willyou.typewith.me/p/weekendtesting>

[4:17:54 PM] Philip Hoeben: ok great it works

[4:18:06 PM] Philip Hoeben: (on my machine :))

[4:18:24 PM] Weekend Testing: u have done RST course :) ?

[4:18:47 PM] Philip Hoeben: No not yet it's planned 31 October - 1 & 2 November

[4:18:59 PM] Philip Hoeben: by Michael Bolton in the Netherlands

[4:19:22 PM] Weekend Testing: 20 mins into the session, where are we Allmas, Anuj, Madhusudhan, Reshma, Victor.

[4:20:41 PM] madhusudhan: opened the link and testing

[4:20:46 PM] Weekend Testing: ok

[4:21:30 PM] Allmas Mullah: mentally making note of first impressions of both sites

[4:21:32 PM] Anuj Sharma: Adv and Disadv of both

[4:21:41 PM] Weekend Testing: nice.

[4:21:46 PM] Weekend Testing: yes, both.

[4:21:58 PM] vmvictorvm: testing in progres

[4:22:04 PM] Weekend Testing: Prasanna

[4:22:12 PM] Weekend Testing: ok @Victor.

[4:22:56 PM] Weekend Testing: See you all in 40 mins. i will not disturb u further. i am ready to answer questions though.

[4:23:29 PM] Prasanna: No questions so far Ajay, Just exploring

[4:43:45 PM] Weekend Testing: Last 15 minutes

[4:53:07 PM] Weekend Testing: anyone here? last 7 mins?

WT69 Session Chat Transcript

[4:53:17 PM] Allmas Mullah: yes

[4:53:20 PM] Prasanna: s

[4:53:28 PM] Philip Hoeben: yes, pff time passes quickly.

[4:53:45 PM] Weekend Testing: :)

[4:55:31 PM] Prasanna: do we have to post our test report to typewith.me?

[4:55:56 PM] Weekend Testing: yes, you can with your name at the top.

[4:58:05 PM] *** Weekend Testing added sumit sharma ***

[4:58:21 PM] Weekend Testing: so, all done ?

[4:58:29 PM] Weekend Testing: you have 2 mins more

[4:58:54 PM] Anuj Sharma: not done yet

[4:59:15 PM] Philip Hoeben: not really managed to create 10 test cases, but I don't think that's the goal.

[4:59:33 PM] Weekend Testing: ok,

[5:00:15 PM] Weekend Testing: Please stop testing or preparing your report.

[5:00:23 PM] Weekend Testing: Let us meet for discussion session.

[5:00:24 PM] Philip Hoeben: done

[5:01:01 PM] Weekend Testing: Allmas, Anuj, Madhusudhan, Prasanna, Reshma, Victor

[5:01:17 PM] Anuj Sharma: not completed but stopped

[5:01:26 PM] madhusudhan: yes stopped

[5:01:38 PM] Prasanna: done

[5:01:54 PM] Weekend Testing: ok, Please take five minutes to reflect what you experienced, what was your approach, learning

[5:02:03 PM] Weekend Testing: Please don't type here

[5:02:15 PM] Weekend Testing: type in an offline editor like notepad

[5:02:23 PM] Weekend Testing: we will meet in 8 mins

[5:02:34 PM] Weekend Testing: so that each can copy paste and save time

[5:02:45 PM] Weekend Testing: instead of watching the running pencils.

WT69 Session Chat Transcript

[5:02:49 PM] Weekend Testing: see u in 8

[5:02:51 PM] Weekend Testing: mins.

[5:09:49 PM] Weekend Testing: All set?

[5:09:57 PM] Philip Hoeben: yes

[5:09:58 PM] Weekend Testing: who wants to share their experience?

[5:10:02 PM] Weekend Testing: first

[5:10:10 PM] Weekend Testing: Philip?

[5:10:33 PM] Philip Hoeben: no problem. I can only see the results from Prasanna by the way

[5:10:53 PM] Philip Hoeben: shall I type in typewith me?

[5:11:29 PM] Weekend Testing: I thought, by now you have typed.

[5:11:38 PM] Weekend Testing: anyways, anyone else has it ready typed?

[5:11:59 PM] Philip Hoeben: I added it in the typewithme app. Is it visible?

[5:12:18 PM] Weekend Testing: oh yes, I missed it

[5:12:34 PM] Philip Hoeben: OK. first I just compared the links as I typed

[5:12:51 PM] Philip Hoeben: I noticed the first link more clearly describes what the purpose is

[5:12:57 PM] Philip Hoeben: at least more easy to understand

[5:13:41 PM] Philip Hoeben: most of the times I get annoyed by ads, using the first converter it's less anyoing

[5:13:46 PM] Weekend Testing: very nice notes of what you tested.

[5:14:02 PM] Weekend Testing: Your experience of WT? Your first session?

[5:14:06 PM] Philip Hoeben: thanks I don't know exactly what to explain. I think it's written down

[5:14:11 PM] Anuj Sharma: m ready

[5:14:13 PM] Philip Hoeben: Yes it's my first session

[5:14:30 PM] Philip Hoeben: I like it. Especially while these are easy to use apps

[5:14:41 PM] Weekend Testing: @Anuj, lets hear what Philip has to say, then you can share your experience :)

WT69 Session Chat Transcript

[5:14:48 PM] Philip Hoeben: here you don't have to worry about lots of technicals details

[5:14:53 PM] Anuj Sharma: kzz

[5:14:55 PM] Philip Hoeben: but more creative thinking

[5:15:11 PM] Weekend Testing: Thanks, Did you consider pairing?

[5:15:25 PM] Philip Hoeben: I don't know what information to share basically what I wanted to do was writing down my observations

[5:15:58 PM] Philip Hoeben: it's subjective but when people are just googling for a link they make subjective descission which one to use

[5:16:14 PM] Philip Hoeben: I saw the quesiton a little bit late. I went to get a coffee

[5:16:23 PM] Philip Hoeben: but pairing is definetely a good idea

[5:16:42 PM] *** Weekend Testing added vamshi ***

[5:16:55 PM] Weekend Testing: ok. What different would you try next time?

[5:17:38 PM] Philip Hoeben: I don't think my first steps will be different, but maybe spend a little bit more time testing the actual functionality. I ran a little bit out of time, so the planning could be better

[5:18:16 PM] Weekend Testing: Thanks Philip, any questions to Philip?

[5:18:17 PM] Philip Hoeben: ofcourse it's important to do the best and effective you can with the limited time you have

[5:18:43 PM] Anuj Sharma: Which converter would you use??

[5:19:04 PM] Philip Hoeben: definitely the first one <http://www.timezoneconverter.com/cgi-bin/tzc.tzc>

[5:19:34 PM] Philip Hoeben: it's more user friendly, and better fits the purpose I would say

[5:19:47 PM] Weekend Testing: Thanks.

[5:19:53 PM] Weekend Testing: Who is next?

[5:20:16 PM] Weekend Testing: Interesting session really, considering that very few questions at the start

[5:20:40 PM] Weekend Testing: Please copy paste - we don't want to see pencils :)

[5:20:45 PM] Anuj Sharma: Can I?

[5:20:49 PM] Weekend Testing: yes Anuj

WT69 Session Chat Transcript

[5:21:05 PM] Philip Hoeben: that's a good one, maybe we had to ask what information you really expect. So in more detail. Since testing is a lot about questioning

[5:21:42 PM] Anuj Sharma: Experience:

[5:21:44 PM] Anuj Sharma: This was first my weekend testing session and it was a great experience. Even though the constant pinging on Skype didn't help, I managed to keep my focus on the testing and not get disturbed. When I first analysed the mission I thought that one hour is not enough for this mission, that's why I wasn't able to complete the mission, not because the time wasn't enough but because I had it in my mind. After analysing the mission I thought of deciding on a approach which did help me. If I hadn't then I wouldn't have been able to complete what I have right now.

[5:22:23 PM] Weekend Testing: Do you have your notes anywhere?

[5:22:35 PM] Anuj Sharma: yes..

[5:22:56 PM] Weekend Testing: plz share

[5:23:18 PM] vmvictorvm: I just copy paste it in typewith.me

[5:23:43 PM] Anuj Sharma: okay..i'll do dat rite away

[5:23:47 PM] Anuj Sharma: thnks

[5:24:32 PM] Weekend Testing: Does anyone of you use time zone converters often?

[5:25:12 PM] Philip Hoeben: I only use the a iphone app sometimes, since I work with people from Europe, the US and Japan.

[5:25:15 PM] Prasanna: no i don't .. i use my mobile world clock

[5:25:19 PM] vmvictorvm: I really don't want to use the word "exhaustive testing" in the last line of my report (worry)

[5:25:42 PM] vmvictorvm: but it seems just reasonable in this case to me

[5:26:11 PM] Weekend Testing: Is the yellow shade color Anuj's?

[5:26:17 PM] Philip Hoeben: vmvictorvm do you expect to get a lot of valuable information when trying all kinds of different time conversions?

[5:26:28 PM] Allmas Mullah: <http://www.timeanddate.com/worldclock/converter.html>

[5:26:56 PM] Weekend Testing: ok, variety of apps :)

[5:26:59 PM] Allmas Mullah: i use this ... find it useful

[5:27:29 PM] Anuj Sharma: yes..sry for the untidiness..just cleaning it up

WT69 Session Chat Transcript

[5:27:42 PM] vmvictorvm: hmm..I think i'm going to remove that line lol

[5:29:12 PM] vmvictorvm: I thought the application is very simple and small. So it won't really hurt testing all combination as it's not really time consuming to do that.

I don't know but what if the programmer made a mistake for converting one of the combination?

[5:29:24 PM] Weekend Testing: ok, Anuj - did you try some of the tests?

[5:29:43 PM] Philip Hoeben: Anuj. I like the idea of turning on and off the cookies

[5:29:48 PM] Anuj Sharma: no.. i wanted to but that wasn' t the mission

[5:30:04 PM] Philip Hoeben: didn't think of that

[5:30:37 PM] Prasanna: mee too..didn't think of that

[5:30:42 PM] vmvictorvm: I didn't think of that neither...nice

[5:31:05 PM] Anuj Sharma: :)

[5:31:10 PM] Philip Hoeben: and the learning notes. Also a nice one

[5:31:19 PM] Weekend Testing: [5:29 PM] Anuj Sharma:

<<< no.. i wanted to but that wasn' t the missionGood point!

[5:31:35 PM] Weekend Testing: so, you go with the 1st or 2nd ?

[5:32:14 PM] Anuj Sharma: none of them !! I'd search for another one..

[5:32:18 PM] Weekend Testing: :)

[5:32:34 PM] Weekend Testing: Thanks Anuj. hope you enjoyed & learnt something.

[5:32:37 PM] Weekend Testing: who's next?

[5:32:43 PM] Anuj Sharma: definitely..

[5:32:59 PM] Prasanna: i'd like to start

[5:33:13 PM] Weekend Testing: yes, Prasanna

[5:33:49 PM] Prasanna: Started with the question to myself- which one is more useful and convenient for users?

Then performed some Exploratory tests around daylight savings and boundary values etc

WT69 Session Chat Transcript

Learning:

Quick Thinking

Would like to see others experiences

Points I missed:

To Ask Questions on - Define useful in the first question?

second question - advantages/dsadvantages interms of what?

How can I make sure that all combinations works?yes

.

[5:34:16 PM] Prasanna: I think monkey testing is what i did :- clicking here and there

[5:34:25 PM] Prasanna: see waht it does

[5:34:32 PM] Weekend Testing: nice. and one of them clearly mentions that DST is not supported!

[5:35:10 PM] Philip Hoeben: I noticed that indeed. not supported but I expected it

[5:35:22 PM] Prasanna: I wanted to learn how to question next time

[5:35:34 PM] Prasanna: and most importantly what to question

[5:35:51 PM] Prasanna: how do we learn questioning? any thoughts?

[5:36:06 PM] Anuj Sharma: by curoosity...

[5:36:38 PM] Weekend Testing: by questioning

[5:36:46 PM] Weekend Testing: and improving based on feedback!

[5:37:03 PM] Prasanna: k..feedback?

[5:37:23 PM] Philip Hoeben: I think everybody knows, but we are still triggered to just go with the program somehow. It's a habit.

[5:37:45 PM] Prasanna: yup :)

[5:37:48 PM] Weekend Testing: feedback by others,

[5:37:53 PM] Prasanna: yes please

[5:38:37 PM] Weekend Testing: are there better questions? Is it the right question?

[5:39:07 PM] Prasanna: yup...point taken

WT69 Session Chat Transcript

[5:39:22 PM] vmvictorvm: There are no dumb questions, but there are good questions.

[5:39:25 PM] Philip Hoeben: what I notice is that everybody writes down lot's of data but it's hard to derive the usefull information from it. What would the person in charge for making a decision do with this information

[5:39:53 PM] Weekend Testing: Good point!

[5:40:07 PM] Weekend Testing: What is the conclusion might be a good addition

[5:40:57 PM] Anuj Sharma: Conclusion?? for whom??

[5:41:38 PM] Weekend Testing: conclusion according to you. and for whom - you could have asked or assumed

[5:42:14 PM] Weekend Testing: ok, who is next?

[5:42:24 PM] Weekend Testing: we have 15 mins left

[5:42:29 PM] vmvictorvm: me?

[5:42:31 PM] Weekend Testing: yes

[5:42:32 PM] Weekend Testing: plz

[5:43:12 PM] vmvictorvm: I always have the urge to do exhaustive testing with very small/simple application. I don't know if it is a bad habit or not.

[5:44:16 PM] Weekend Testing: it depends on the mission. How do you feel? Does every testing session expect you to test everything?> Can you test everything in th elimited time, resource?

[5:44:19 PM] vmvictorvm: e.g: I was thinking of testing all combination between "In" and "What time will it be in" ... It seems it's doable with automation without spending too much time

[5:44:36 PM] Weekend Testing: automation can definitely assist humans.

[5:44:51 PM] Weekend Testing: but garbage in would give you garbage out

[5:45:16 PM] Weekend Testing: so, Exhaustive testing - what else thoughts occupied your mind?

[5:45:55 PM] vmvictorvm: yeah true. I agree with garbage in, garbage out of automation...

[5:46:28 PM] Philip Hoeben: maybe you just have to find out if the calculator function is having the correct algorithm?

[5:47:27 PM] Weekend Testing: ok. how was the mission?

[5:47:38 PM] Allmas Mullah: I have a question - can a tester get biased if he does not like the app that he is testing

WT69 Session Chat Transcript

[5:47:45 PM] vmvictorvm: I think both converters are okay. But I may use "time zone converter" with "sorted by country".

[5:48:11 PM] vmvictorvm: since I'm not very good with those GMT +x time zone

[5:48:16 PM] madhusudhan: shall i paste my notes?

[5:48:21 PM] Weekend Testing: ok

[5:48:22 PM] Allmas Mullah: i didnt like both the sites maybe because i use timeanddate.com which is mch simpler and intuitive

[5:48:27 PM] Philip Hoeben: I think a tester can definetely be biased. I don't like the 2nd one at all. ANd would probably submit more bugs on that one.

[5:48:37 PM] vmvictorvm: @Philip yes you are right, but I can only do this if I have access to the code of the application

[5:48:50 PM] Philip Hoeben: true

[5:49:31 PM] Weekend Testing: [5:48 PM] Philip Hoeben:

<<< ANd would probably submit more bugs on that one.ha ha. its a skill to be unbiased and concentrate on the mission

[5:49:35 PM] Prasanna: Gud Point victor

[5:49:49 PM] Allmas Mullah: in the first i did not find India and that made me :O

[5:49:54 PM] Weekend Testing: Lets hear to what madhusudhan has to say

[5:49:59 PM] Philip Hoeben: I know but I am human so fallible

[5:50:03 PM] Weekend Testing: he's been silent all this time :)

[5:50:13 PM] Prasanna: it's under asia/calcutta Allmas

[5:50:17 PM] madhusudhan: 1.This time convertor <http://www.timezoneconverter.com/cgi-bin/tzc.tzc> (convertor 1)

conversion is in terms of countries to countries and time zone like gmt+1 to gmt+7 difference .Where as in convertor 2

<http://www.greenwichmeantime.com/gmt-converter/index.htm> conversion is only in terms of difference in time zone like gmt+1 to gmt+7, if user dont know the ime zone difference he has to search

WT69 Session Chat Transcript

what is his time zone for conversion. In first convertor its based on countries to countries so no need to remember his country time zone for conversion

2. Time convertor 1

conversion has more option for conversion between more than 250 plus time zones. convertor 2 has only 24 plus different option for conversion

[5:51:16 PM] Weekend Testing: Good point Madhusudhan but don't you think 24 + options are sufficient. Many countries share a time zone? No?

[5:52:07 PM] madhusudhan: its sufficient but convertor one has more options and user friendly ness

[5:52:21 PM] Allmas Mullah: @prasanna is it there in 'list sorted by country'

[5:52:53 PM] Prasanna: yes

[5:52:55 PM] Weekend Testing: how was the experience?

[5:52:56 PM] Prasanna: Under asia

[5:53:18 PM] Weekend Testing: Did you complete the mission @Madhusudhan?

[5:54:27 PM] madhusudhan: no unable to write 10 test i would like to test

[5:54:41 PM] Weekend Testing: ok

[5:55:06 PM] Weekend Testing: Thanks Madhusudhan, few mins left. Any final thoughts. any feedback on mission - for me? on facilitation? on WT?

[5:55:10 PM] *** sumit sharma has left ***

[5:55:54 PM] Prasanna: Great work Ajay..Hope we participate in more of these sessions and improve our test skills

[5:56:10 PM] Anuj Sharma: WT should be a must for every tester..Looking forward to more such sessions

[5:56:35 PM] madhusudhan: more learning experience

[5:56:35 PM] Philip Hoeben: Ajay what is your main takeaway?

[5:57:20 PM] Weekend Testing: Thanks. @Philip: I should provide more pointers which will help testers get started.

[5:57:38 PM] vmvictorvm: Very good learning experience. Discussions with other testers are very valuable experiences.

WT69 Session Chat Transcript

[5:57:49 PM] Prasanna: yes

[5:58:05 PM] Philip Hoeben: agree

[5:58:32 PM] Philip Hoeben: @Ajay and what is the main takeaway for us according to you?

[5:58:42 PM] Anuj Sharma: the one thing that is unique about this is the 'rush' ...

[5:58:55 PM] Weekend Testing: It depends on each one of you :) questioning, working under pressure, test reporting

[5:59:10 PM] Philip Hoeben: @Anuj, that's normal in the testing world I would say

[5:59:21 PM] Weekend Testing: we have almost reached the end of the session.

[5:59:30 PM] Weekend Testing: Thank you everyone for your time.

[5:59:49 PM] Philip Hoeben: thanks Ajay for facilitating this and come up with the test mission!

[5:59:58 PM] Weekend Testing: I have released my first ebook - <http://bit.ly/oH0ULV> maybe its useful to you

[6:00:12 PM] Weekend Testing: its a collection of tips on software testing.

[6:00:31 PM] Philip Hoeben: best practices ;) hahaha

[6:00:36 PM] vmvictorvm: Thanks Ajay, see you guys next time.

ooo nice book :)

[6:01:08 PM] Anuj Sharma: congrats..n thanks for your time as well..fun being here..

[6:01:34 PM | Edited 6:01:47 PM] Weekend Testing: you bought it Victor! :)
