[3:30:53 PM] *** Weekend Testing added Mauri Edo ***

[3:31:02 PM] Weekend Testing: Hi Mauri, welcome to the session

[3:31:14 PM] Mauri Edo: Hi everyone!

[3:31:15 PM] Weekend Testing: we will start in a min

[3:31:21 PM] Mauri Edo: great :)

[3:31:30 PM] Jasminka Puskar: hi mauri, welcome

[3:31:44 PM] Mauri Edo: Hi Jasminka, nice to meet you!

[3:32:19 PM] Vipin Vinchurkar: Hey Mauri

[3:32:29 PM] Weekend Testing: Thanks folks for attending this session.

[3:32:29 PM] Mauri Edo: Hi Vipin :)

[3:32:40 PM] Weekend Testing: I am Ajay Balamurugadas, your facilitator for today.

[3:32:51 PM] Jasminka Puskar: Hi ajay

[3:32:57 PM] Mauri Edo: Hi Ajay

[3:33:10 PM] Weekend Testing: Please introduce yourselves, the domain you work in and what you don't like in s/w testing

[3:33:11 PM | Edited 3:33:16 PM] Vipin Vinchurkar: Hey Ajay

[3:33:42 PM] Jasminka Puskar: what is s/w?

[3:33:59 PM] Weekend Testing: Software.

[3:35:27 PM | Edited 3:36:00 PM] Jasminka Puskar: Jasminka from Sweden, testing online games, don't like to be attached to specific tests, I like to freely test our product and follow my instinct on what could fail and pursue it.

[3:35:44 PM] Weekend Testing: nice.

[3:36:27 PM] Vipin Vinchurkar: Hi All

I am Vipin Vinchurkar -

Working as a Sr. Tester in Moolya S/W Testing. Pvt. Ltd.

Working in web application testing, and a lot interested in Mobile Testing also.

[3:36:55 PM] Weekend Testing: ok, welcome to WT Vipin. this is your first time

WT83 Session Chat Transcript

[3:36:56 PM] Mauri Edo: Ok, I am Mauri Edo, I come from Barcelona (Spain) and work as tester for a market research company that also develops apps in this field (on-line surveys, on-line user communities).

Love testing in general, I don't like the way I manage regression testing, as it turns very boring and repetitive, sure there are other ways to do it providing more value ;)

[3:37:25 PM] Weekend Testing: cool Mauri - maybe someone here has some insights to share :)

[3:37:36 PM] Vipin Vinchurkar: Ok I am on windows now

[3:37:41 PM] Weekend Testing: cool.

[3:37:43 PM] Weekend Testing: We will test for an hour and after the hour, we will have a discussion session for an hour.

Mission:

Prepare a detailed test plan on how to test ClipX. Spend 20 mins.

Also, prepare a light weight test plan to test ClipX. Spend five mins.

At the end of 30 mins, spend 20 mins testing ClipX and be ready with your testing report.

[3:37:55 PM] Weekend Testing: The installer: http://download.cnet.com/ClipX/3000-2384_4-10315451.html

[3:39:13 PM | Edited 3:39:29 PM] Weekend Testing: Feel free to ask any questions you have

[3:39:21 PM] *** Weekend Testing added Ajay Balamurugadas ***

[3:40:57 PM] Weekend Testing: are we clear on the task?

[3:41:05 PM] Jasminka Puskar: yes

[3:41:12 PM] Mauri Edo: yes

[3:41:16 PM] Elizabeth: Hello I am back.

[3:41:31 PM] Weekend Testing: welcome

[3:42:50 PM] Vipin Vinchurkar: Yap

[3:43:41 PM] Weekend Testing: cool, let me also attempt

[3:44:53 PM] Vipin Vinchurkar: Guys My windows is acting weird :(

[3:45:03 PM] Vipin Vinchurkar: ANYway restarting and will start my task

[3:45:07 PM] Weekend Testing: ok

[3:45:20 PM] Vipin Vinchurkar: BTW clipx is installed

[3:45:25 PM] Weekend Testing: cool

[3:46:02 PM] Elizabeth: clipx installed and beginning test plan

[3:46:12 PM] Weekend Testing: nice, carry on.

[3:49:18 PM] Weekend Testing: ten mins up

[3:54:31 PM] Vipin Vinchurkar: Hey Ajay,

I am really sorry to drop this news, but my windows is not working fine :(
and clipx is not getting installed because of some reason

[3:55:04 PM] Weekend Testing: can you try a s/w for mac

[3:55:18 PM] Vipin Vinchurkar: Let me check for its mac file ?

[3:56:00 PM] *** Weekend Testing added Dinesh Babu ***

[3:56:36 PM] Weekend Testing: hi Dinesh

[3:56:40 PM] Weekend Testing: we started at 3.40

[3:56:47 PM] Weekend Testing: you can take extra time

[3:56:59 PM] Weekend Testing: or skip either testing or making the plan

[3:57:02 PM] Dinesh Babu: Ok

[3:57:05 PM] Weekend Testing: we are meeting after 30 mins

[3:57:38 PM] Dinesh Babu: ok

[4:03:05 PM] *** Weekend Testing added Abhinav Sejpal ***

[4:03:30 PM] Weekend Testing: Hi Abhinav

[4:03:37 PM] Weekend Testing: either test or prepare plan

[4:03:43 PM] Weekend Testing: we are meeting at 4.30

[4:04:29 PM] Abhinav Sejpal: Thanks @WT let me check

[4:11:08 PM] *** Weekend Testing added Kushal Kumar ***

[4:11:25 PM] Weekend Testing: hi Kushal

[4:11:37 PM] Weekend Testing: you can skip testing or skip preparing test plan

[4:11:50 PM] Abhinav Sejpal: Downloaded Application successfully, Wow ! it got installed in #win8.

[4:12:07 PM] Kushal Kumar: Hi

[4:15:58 PM] Dinesh Babu: I am sorry i unable to install it as I don't have admin privileges to install new s/w's

[4:16:05 PM] Weekend Testing: ok

[4:16:49 PM] Abhinav Sejpal: @Dinesh Do i know the OS info ?

[4:18:10 PM] Dinesh Babu: how to check that?

[4:19:05 PM] Abhinav Sejpal: @dinesh I'm asking Operating system name & machine info.

[4:19:12 PM] Abhinav Sejpal: Goto Run - > Type DxDiag

[4:19:14 PM] Weekend Testing: www.supportdetails.com

[4:19:35 PM] Dinesh Babu: win XP

[4:19:38 PM] Weekend Testing: last 11 mins

[4:20:01 PM] Abhinav Sejpal: @WT Lol ;) t DxDiag and Msinfo32 would be better for Windows OS :P

[4:23:08 PM] Abhinav Sejpal: @Dinesh If you are using corporate m/c then don't use this tricks but for your personal M/c. you can try this.

<http://www.mydigitallife.info/easily-login-to-windows-xp-with-no-password-administrator-account-backdoor-trick/>

I did it three times.

[4:27:05 PM] Dinesh Babu: ok.let me check the link..

[4:27:20 PM] Weekend Testing: 3 more mins.

[4:27:26 PM] Weekend Testing: hope the report is being polished.

[4:28:02 PM] Weekend Testing: you can email your answers to <http://groups.google.com/group/ajsoftwaretestingskills>

[4:32:05 PM] Weekend Testing: yes

[4:32:17 PM] Weekend Testing: that way we can avoid multiple file sharing

[4:32:23 PM] Weekend Testing: it will be posted on one page

[4:32:26 PM] Elizabeth: ok

[4:32:39 PM] Abhinav Sejjal: k

[4:35:27 PM] Weekend Testing: are we done yet?

[4:35:46 PM] Mauri Edo: polishing report... (:|

[4:36:02 PM] Vipin Vinchurkar: Just finishing up and attaching screenshots

[4:37:56 PM] Abhinav Sejjal: Sending ...

[4:38:37 PM] Weekend Testing: lets start with first timers

[4:38:48 PM] Weekend Testing: Mauri, Elizabeth, Vipin

[4:41:27 PM] Weekend Testing: who ever is ready, can start

[4:41:34 PM] Weekend Testing: Mauri, Elizabeth, Vipin

[4:43:11 PM] Abhinav Sejpal: I enjoyed testing with this app as it's allows to access & track clip board pointers in windows OS. Cool

[4:43:13 PM] Elizabeth: just posted mine

[4:43:55 PM] Abhinav Sejpal: I did ET for 15 mins.

[4:44:14 PM] Weekend Testing: good, who is starting?

[4:44:22 PM] Weekend Testing: I see three people typing :)

[4:45:07 PM] Vipin Vinchurkar: Ok I will start -

[4:45:19 PM] Abhinav Sejpal: @Vipin Sure

[4:48:26 PM] Weekend Testing: Vipin, start with simple sentences

[4:48:27 PM] Weekend Testing: :)

[4:48:30 PM] Weekend Testing: we are waiting

[4:48:37 PM] Vipin Vinchurkar: I started installing Clipx - But was not able to

1. it was not installing for my machine and infact for standard install I was getting malware attack again an again
2. After performing the installation steps my default search got changed from Google to BLEKKO.COM . WHICH means some part of installation was working for my machine.
3. When I was choosing advanced it was not showing Malware for me.

Learning - was trying to debug the problem, but I guess time was not enough :(

Exprience - It was an amazing EX. Sitting in session for testing. I was missing these seesion from a very long time

[4:48:47 PM] Vipin Vinchurkar: Sorry took me so lot to explain :)

[4:49:03 PM] Vipin Vinchurkar: Shall I share my report here only?

WT83 Session Chat Transcript

[4:49:08 PM] Weekend Testing: EX = ?

[4:49:12 PM] Weekend Testing: experience?

[4:49:15 PM] Vipin Vinchurkar: experience

[4:49:39 PM] Weekend Testing: report email to the id plz

[4:49:43 PM] Vipin Vinchurkar: Ok

[4:49:58 PM] Mauri Edo: Experience: had no time to perform actually testing nor setting the lightweight plan (n) got stuck in installing the app, so I focused on looking at features and writing the "detailed" plan.

Looking at it right now, I see that I am very used to test web pages and web apps. With apps like ClipX (installed in your computer as an executable), there are some things that require some attention like installing, uninstalling, memory consumption, enabling, disabling, collision with other OS features (shortcuts, system tray, menus...). Also, missed some time to dig deeper in config menu options and colateral features as "manage", "search" and "clear current", as can be seen in my test plan

I see that Ajay has plasmated his test plan in a mind map, I normally do this as well at work, but strangely didn't come to my mind this time and found myself typing notes in a doc that turned into a more "scripted" test plan

[4:50:39 PM] Mauri Edo: Now checking others' reports :)

[4:50:47 PM] Weekend Testing: :) nice.

[4:50:54 PM] Weekend Testing: first time WT right?

[4:51:46 PM] Abhinav Sejjal: AT WT, Ajay, Could we provide external Link for setup download from SkyDrive, 4 shared ? So, it's would be easier for setup test bad.

[4:51:55 PM] Mauri Edo: did two europe weekend testing sessions, a long time ago, sadly they are not run anymore I think

[4:52:06 PM] Mauri Edo: I got rusty ;)

[4:52:33 PM] Weekend Testing: [4:51 PM] Abhinav Sejjal:

[4:52:47 PM] Weekend Testing: @Mauri - With practice, everyone improves :)

[4:52:52 PM] Weekend Testing: good to have you back then.

[4:53:05 PM] Mauri Edo: Thanks, hope so ;)

[4:53:13 PM] Weekend Testing: Who is next? after the experience sharing, lets review each others' reports.

[4:54:11 PM] Elizabeth: i will go

[4:54:41 PM] Elizabeth: This is my first time here and it was a great experience.

I liked the fast time frame to get everything done which really makes you use your skills

The application was easy to install

It would have been nice if it had a small help to cover all the functions of what the app can do and the environments where it will work

It is a nice little app I from the little bit of exploratory I was able to do with it.

I liked everyone's reports. I liked the mindmap and also didn't think to use it at the time. I was thinking of a traditional test plan.

I hope there are more of these as I really enjoyed it/

[4:55:35 PM] Weekend Testing: next weekend for sure.

[4:55:48 PM] Abhinav Sejjal: @Ajay Few testers are struggling against installation itself , Test bed is nothing but a execution environment for #softwaretesting.

[4:55:52 PM] Weekend Testing: [4:54 PM] Elizabeth:

<<< I liked the fast time frame to get everything done which really makes you use your skillsyes, focus is on time pressure.

[4:56:29 PM] Elizabeth: yes those were always my favorite assignments when I was a tester

[4:56:38 PM] Weekend Testing: @Abhinav: will take it in future.

[4:57:00 PM] Weekend Testing: thanks

[4:57:01 PM] Abhinav Sejpal: Thanks :)

[4:57:13 PM] Abhinav Sejpal: @All I'm dam sure, App doesn't track 1024 transaction in clipboard.

[4:57:13 PM] Weekend Testing: Abhinav, Jasminka

[4:57:14 PM | Edited 4:57:47 PM] Vipin Vinchurkar: good point Abhinav

[4:57:37 PM] Weekend Testing: Kushal, what about you

[4:57:47 PM] Abhinav Sejpal: As :- Applications call GlobalAlloc(GMEM_MOVEABLE or GMEM_DDESHARE) to allocate the memory for data to be stored on the clipboard and make it available to other applications. For 32-bit applications GlobalAlloc can allocate blocks up to 2 GB in size or up to the amount of virtual memory the PC has, whichever is less. The Windows clipboard does not impose any other size limits.

What If my one file size is 700 MB ? do you think , App could handle ?

[4:57:48 PM] Elizabeth: yes good point i wanted to do max like that but ran out of time

[4:57:49 PM | Edited 4:58:00 PM] Jasminka Puskar: 1. experience

Testing new application is always fun because I never know if the program will be useful at my work. I know I got to learn of many programs through WT that I use while testing our games. So it is always exciting to see what new application I will

learn about.

2. any learning

Even if we make test plans quite often, one always feels: "I need to be better". Through WT I always get to re-learn to improve and I am confident that with more such challenging missions and tasks I will indeed keep getting better and better.

3. share your report & comments about other reports

My report is sent to the group e-mail and can be viewed there.

I like how Mauri Edo went detailed into his thinking and coming up with detailed test ideas.

[5:03:33 PM] Elizabeth: i will upload again

[5:04:18 PM] Abhinav Sejjal: Hey Guys, We could target #High contrast (black & white) , #Basic Theme for Desktop. As per windows standard #app should support all the themes.

[5:04:25 PM] Abhinav Sejjal: #Win7 has diff themes

[5:05:00 PM] Jasminka Puskar: i tried saving it and then it started converting and asked for a cd to install for the needed thing. so couldn't open the report.

[5:05:24 PM] Elizabeth: i uploaded again

[5:05:29 PM] Weekend Testing: ok, thanks for the discussion. lets focus on each report now

[5:05:31 PM | Edited 5:05:40 PM] Vipin Vinchurkar: I am able to open reports except Elizabeth's

[5:05:41 PM] Weekend Testing: lets start with Jasminka's

[5:05:43 PM] Mauri Edo: A collateral learning: need to get better at time management, it really vanishes my humble skills to be under pressure :(

[5:05:46 PM] Weekend Testing: and comment with

[5:05:52 PM] Weekend Testing: * what's good

[5:05:57 PM] Weekend Testing: * what can be improved

[5:06:02 PM] Weekend Testing: * any better way

[5:06:12 PM] Mauri Edo: Quite amazed with Jasminka's report, clear, concise, insightful and complete. Good job! (y)

[5:06:22 PM] Abhinav Sejjal: (y)

[5:06:30 PM] Abhinav Sejjal: @Mauri Edo

[5:06:48 PM] Abhinav Sejjal: ckg jasminka's Report

[5:06:49 PM] Jasminka Puskar: really? thanks so much.

[5:07:05 PM] Mauri Edo: For the time scope available? For sure :)

[5:07:52 PM] Mauri Edo: Now opening Elizabeth's one this time seems ok :)

[5:07:55 PM] Vipin Vinchurkar: Great report Jasminka (y)

[5:08:27 PM] Jasminka Puskar: i know, I so agreed with what Elizabeth said earlier about showing your skills when the time given is short. one can really learn what needs to be improved during such time pressure.

[5:08:46 PM] Elizabeth: Great report Jasminka! (y)

[5:09:23 PM] Elizabeth: I love the pressure. I always wanted to test the emergency fixes lol

[5:09:23 PM] Weekend Testing: Good job Jasminka. Impressed.

[5:09:29 PM] Jasminka Puskar: thanks guys. I can now open your report too Elizabeth.

[5:09:29 PM] Weekend Testing: Question for you

[5:09:45 PM] Weekend Testing: Why enabled/disabled made it to light weight

[5:09:50 PM] Weekend Testing: any specific reason?

[5:10:03 PM] Abhinav Sejpal: Cnet.com's URL is showing diff version & App installed version is diff. Experts, Can you please verify from your side.:P

[5:10:32 PM] Abhinav Sejpal: Got this bug from Jasminka's report as she wrote version details

[5:10:42 PM] Mauri Edo: @Elizabeth: very professional report, specially the final parts (resources, deliverables, environment...) (y)

[5:11:13 PM] Mauri Edo: Agreed on using mindmaps to better visualise the "features to be tested"

[5:11:24 PM] Elizabeth: Thank you!

[5:11:47 PM] Jasminka Puskar: Yes, because I deemed it as very basic feature. When enabled it should work, when disabled it should not save your copies. So I made it a quick functionality test if the time is really really really really short and in case a customer would ask of me to verify the function status of this application. Quick test, instead of deeper investigation.

[5:12:02 PM] Weekend Testing: cool. makes sense. Thanks.

[5:12:10 PM] Weekend Testing: checking Elisabeth's report

[5:13:41 PM] Abhinav Sejpal: going offline as I'm leaving from office :P bye guys

[5:13:50 PM] Abhinav Sejpal: had nice talk wid you all

[5:13:58 PM] Jasminka Puskar: Abhinav, yes correct different version. I didn't like the cnet one because it asked of me to install a toolbar which I could not set to "do not install". I could only go further and accept. I refused to do it so I found another site for downloading the application.

[5:14:08 PM] Vipin Vinchurkar: Bye Abhinav

[5:14:13 PM] *** Abhinav Sejpal sent Version_2.png version.png ***

[5:14:14 PM] Weekend Testing: bye abhinav

[5:14:21 PM] Weekend Testing: email it to group please

[5:14:30 PM] Elizabeth: Bye Abinav!

[5:14:39 PM] Weekend Testing: Thanks Elisabeth - looks nice.

[5:14:43 PM] Abhinav Sejpal: Sure @WT.

[5:14:44 PM] Mauri Edo: Nice to meet you Abhinav :)

[5:14:44 PM] Weekend Testing: Suggestion: Categorize

[5:15:39 PM] Abhinav Sejpal: @Ajay, Please make one WT group in gmail. ;) bye one & all Thank you

[5:15:49 PM] Abhinav Sejpal: (handshake)

[5:16:06 PM] Weekend Testing: any comments on Elisabeth's version?

[5:17:29 PM | Edited 5:17:35 PM] Jasminka Puskar: I like her report. It covers sooo much, the application is quite simple and small. Yet she listed many things which assures her a good test coverage. Very inventive. And good details about setup and environment. A clear report. Like it alot.

[5:17:30 PM] Vipin Vinchurkar: I am not sure about :Features not to be tested -

Why mac is mentioned there.?

I am not sure as I was not able to test? Mac is for Macbook or Mac is something else here?

[5:17:47 PM] Vipin Vinchurkar: Altogether report is nice

[5:18:00 PM] Weekend Testing: mac was never listed in the platforms supported

[5:18:04 PM] Weekend Testing: so, its obvious.

[5:18:06 PM] Weekend Testing: no?

[5:18:41 PM] Vipin Vinchurkar: So it should be environment or features?

[5:18:43 PM] Weekend Testing: and mac is an OS, not a feature

[5:18:51 PM] Weekend Testing: yes, you are right Vipin.

[5:19:20 PM] Elizabeth: mac should have been environment

[5:20:02 PM] Weekend Testing: Don't worry, its a small point - other than that, like the report

[5:20:05 PM] Weekend Testing: :)

[5:20:09 PM] Weekend Testing: next report/

[5:20:11 PM] Elizabeth: Thanks.

[5:20:31 PM] Vipin Vinchurkar: Yes I did, and I said also report is nice :)

[5:21:13 PM] Weekend Testing: Mauri's report?

[5:21:15 PM] Elizabeth: I only see 3 reports up?

[5:21:36 PM] Vipin Vinchurkar: BTW Ajay I have one suggestion - I think we should send an update or email prior about the s/w or app which we are going to test? and the Env which is required for that. and what time we are gonna start exactly.

[5:21:58 PM] Jasminka Puskar: me too

[5:22:09 PM] Mauri Edo: (nod)

[5:22:10 PM] Weekend Testing: refresh

[5:22:15 PM] Elizabeth: they ran away lol

[5:22:17 PM] Jasminka Puskar: now I see vipin's

[5:23:53 PM | Edited 5:24:10 PM] Jasminka Puskar: how to open an .ods file?

[5:24:07 PM] Mauri Edo: Its openoffice spreadsheet

[5:24:09 PM] Weekend Testing: should open in word

[5:24:10 PM] Elizabeth: It will open in Excel 2010

[5:24:16 PM] Weekend Testing: oh sorry

[5:24:20 PM] Weekend Testing: odt will open in word

[5:24:35 PM] Weekend Testing: ods will open in excel

[5:24:53 PM] Weekend Testing: <http://www.satisfice.com/tools/satisfice-tsm-4p.pdf>

[5:24:57 PM] Weekend Testing: is Mauri's

[5:24:58 PM] Jasminka Puskar: when opened in word I get this:

```

[5:25:17 PM] Weekend Testing: ok, excel Jasminka

[5:25:48 PM] Weekend Testing: checking Mauri's report

[5:26:15 PM] Elizabeth: Vipn I like how you added the defects along with the screenshots

[5:26:20 PM] Weekend Testing: excellent categorization

[5:26:27 PM] Weekend Testing: in Mauri's report

[5:26:49 PM] Mauri Edo: :)

[5:27:19 PM] Vipin Vinchurkar: Sorry guys

[5:27:20 PM] Vipin Vinchurkar: net problem

[5:27:52 PM] Vipin Vinchurkar: I am not able to see Mauri's report

[5:28:02 PM] Elizabeth: I can't see it either

[5:28:20 PM] Mauri Edo: It's a PDF, should I send a .doc instead?

[5:28:22 PM] Weekend Testing:

[5:28:23 PM] Vipin Vinchurkar: BTW comments/suggestions or points for me to improve

[5:28:50 PM] Elizabeth: Vipin I would add the version you are testing along with the environment

[5:29:22 PM] Vipin Vinchurkar: Alright thanks :)

[5:29:45 PM | Edited 5:29:54 PM] Vipin Vinchurkar: BTW Mauri wonderful report I like the categorization and the way it has written

[5:29:56 PM] Mauri Edo: Thanks!

[5:30:29 PM] Mauri Edo: @Vipin: you could try to add links to screenshots instead of directly pasting them in the file, some screenshot tools provide temporary hosting for screenshots

[5:30:33 PM] Elizabeth: Great report Mauri

[5:30:43 PM] Mauri Edo: Thanks @Elizabeth :)

[5:31:11 PM] Vipin Vinchurkar: I know and was thinking about that, but debugging the actual problem took more time so that report is just the last min work

[5:31:18 PM] Vipin Vinchurkar: Next time for sure will keep that in mind

[5:31:30 PM] Mauri Edo: @Vipin: understood completely ;)

[5:31:55 PM] Vipin Vinchurkar: @ Mauri - thanks

[5:32:23 PM] Jasminka Puskar: I like Mauri's usability tests, such as if messages are clear, etc. Nice test. Good plan overall. I didn't think of start up tests, but Mauri did. Again nice! Love the capability tests of boundary values to see what it can handle. Never thought of that. Icon in system tray? Would have never thought of that either, but interesting and rare. Smart tests. Excellent.

[5:32:59 PM] Mauri Edo: @Jasminka: (bow)

[5:34:54 PM] Vipin Vinchurkar: Gotta go team,

So if there is anything which you wanna update please ping me here or personally.

Thanks Ajay for adding me here in weekend testing group.

This was my first time and I really enjoyed it. Would like to be the part of other sessions too.

[5:35:13 PM] Mauri Edo: Nice to meet you Vipin :)

[5:35:19 PM] Vipin Vinchurkar: if there are other comments and points for me to improve please let me know.

Thanks for your time (bow)

[5:35:29 PM] Vipin Vinchurkar: Pleasure was all mine Mauri :)

[5:35:49 PM] Elizabeth: Hope to test with you again Vipin!

[5:36:11 PM] Vipin Vinchurkar: Sure Sure.

Just keep in touch :)

[5:36:18 PM] Weekend Testing: Checking Vipin's report

[5:36:30 PM] Vipin Vinchurkar: and yes thanks for all your valuable comments.

Ohh I should wait for some more time ?

[5:36:35 PM] Weekend Testing: the bugs are listed with screenshots - nice

[5:36:45 PM] Weekend Testing: but I am not sure how many you pasted

[5:36:50 PM] Weekend Testing: unless I scroll down

[5:37:19 PM] Weekend Testing: maybe, a better idea to highlight at start of report

[5:37:53 PM] Jasminka Puskar: I have excel 1997, and when I open Vipin's report it is all messed up. Is a new excel version required? Maybe write test reports in formats that both windows and mac can handle easily. Is .txt used in both OS? Maybe using notepad.

[5:37:55 PM] Vipin Vinchurkar: Yes I know,

I should have linked them :(

[5:38:46 PM] Vipin Vinchurkar: Sorry folks this was my first time and I was not aware about all such things. But would not be the matter next time.

I will for sure take care of such things

[5:39:03 PM] Weekend Testing: no no, no need to be sorry

[5:39:11 PM] Weekend Testing: its a learning experience

[5:39:17 PM] Weekend Testing: everyone learns something :)

[5:39:23 PM] Weekend Testing: Thanks for participating.

[5:39:31 PM] Elizabeth: (y)

[5:40:06 PM] Vipin Vinchurkar: Yap Lesson Learned ;)

[5:40:21 PM | Edited 5:40:34 PM] Jasminka Puskar: That's okay Vipin. It was nice having you here raising the knowledge sharing. The more the better. Hope you participate next time too. Great meeting you.

[5:40:48 PM] Weekend Testing: next weekend, we will have for sure.

[5:40:53 PM] Vipin Vinchurkar: Sure Jasminka will be there :)

Alright folks see you next time

have fun (beer)

[5:41:03 PM] Weekend Testing: Thanks one & all for participating :)

[5:41:08 PM] Elizabeth: See ya later Vipin!

[5:41:16 PM] Vipin Vinchurkar: ciao
