[3:59:29 PM] neelima: Hi

[3:59:34 PM] Nikhil Patil: Hi...

[3:59:35 PM] Weekend Testing: My name is Ajay Balamurugadas, your facilitator for today's session

[3:59:52 PM] Nikhil Patil: Hi Ajay...

[3:59:56 PM] Imam Hasan: hi

WT 90: Bug Hunting - MockUpData

[4:00:01 PM] Weekend Testing: I have been testing for last 7 years and blog at www.EnjoyTesting.blogspot.com

[4:00:11 PM] Weekend Testing: Please feel free to introduce yourselves.

[4:01:07 PM] anurag2324: Anurag_Hyderabadad_INDIA_Test Engineer ,

[4:01:09 PM] Koh Takahashi: Hi everyone, I'm Koh from.

I have less than one year experience in testing. I really like it

[4:01:09 PM] Nikhil Patil: Hi All, My name is Nikhil this is second testing session i am joining...

[4:01:41 PM] neelima: Hi All, I have 3years exp in testing and this is my first session

[4:01:43 PM] Jagannath Sriramulu(Jagan): Hi all....I am Jagannath, based out of Bangalore, India. I have been managing testing teams for past 6 years and now working towards improving my testing skills

[4:02:08 PM] Andrii Dzynia: Andrii from Ukraine. Have 6 years in testing. Currently working as contractor and testing trainer, speaker on Eastern Europe conferences.

[4:02:17 PM] Imam Hasan: hi i m imam hasan...this is my first session in weekend testing...i have been working as a software test engineer for 5+ yrs

[4:02:36 PM] anurag2324: Oh..experince.....2 yrs

[4:02:41 PM] Lavanya Saravanan: Hi All, I am Lavanya From Birmingham, UK and working as a test analyst for the past 5 years

[4:02:54 PM] Weekend Testing: cool, welcome all once again.

[4:03:07 PM] Weekend Testing: Please download the install from <http://www.mockupdata.com/>

[4:03:37 PM] Weekend Testing: Let me tell you in brief how a Weekend Testing session happens.

[4:03:47 PM] Weekend Testing: First 1 hr, we test based on the mission.

[4:03:56 PM] Weekend Testing: The next 1 hr, we will share our experiences.

[4:04:00 PM] Weekend Testing: now time for mission:

[4:04:35 PM] Weekend Testing: =====

[4:04:38 PM] Weekend Testing: Hi Ajay,

I hope you had a chance to take a look at MockupData. Any feedback is much appreciated.

WT 90: Bug Hunting - MockUpData

Anyway, yesterday I have released new version with an "email generator" feature, that many people have requested after initial release... I think what I'm going to implement next is the option to mix-in different charsets (e.g. in names).

Let me know your thoughts, I'm really trying to create a meaningful product!

[4:04:41 PM] Weekend Testing: =====

[4:04:53 PM] Weekend Testing: So, lets help him create a meaningful product.

[4:05:04 PM | Edited 4:05:11 PM] Weekend Testing: Ping me in private to recieve the license.

[4:05:05 PM] neelima: downloaded the trial version

[4:05:48 PM] Imam Hasan: still downloading :(

[4:05:56 PM] anurag2324: downloaded and installed the trial version .!!!

[4:06:09 PM] Weekend Testing: ok, 1 hr starts now -

[4:06:13 PM] Lavanya Saravanan: IS it ok to down load the trail version?

[4:06:19 PM] Nikhil Patil: webpage is slow...still loading

[4:06:20 PM] Weekend Testing: feel free to ask your questions here or in private

[4:06:42 PM] Weekend Testing: At end of 1 hr, I expect a test report with your issues and enhancements :)

[4:07:09 PM] Andrii Dzynia: Do you have mind map or functional map of the product?

[4:07:30 PM] Weekend Testing: no, we do have details about the product

[4:07:47 PM] Andrii Dzynia: ok, so maybe we can create it in collaboration ?

[4:07:54 PM] Andrii Dzynia: using gDocs or mindmeister ?

[4:08:00 PM] Weekend Testing: <http://MockupScreens.com/blog>

[4:08:43 PM] anurag2324: try to open ...thrwoing proxy error

[4:08:49 PM] *** Weekend Testing added Rahul Vig ***

[4:09:01 PM] anurag2324: got it

[4:10:01 PM] Jagannath Sriramulu(Jagan): are we going to test only the email feature of mockupdata?

WT 90: Bug Hunting - MockUpData

[4:10:10 PM] Weekend Testing: no the whole product

[4:10:20 PM] Weekend Testing: but you can split the features if you wish

[4:11:37 PM] Weekend Testing: any questions?

[4:11:41 PM] neelima: do we have to test this blog: <http://www.mockupscreens.com/blog/>

[4:11:49 PM] Weekend Testing: no, the product.

[4:12:12 PM] Nikhil Patil: No v have to download desktop app

[4:12:58 PM] neelima: from where?? any clue

[4:13:02 PM] Koh Takahashi: I will work on test plan for the product since i only have Mac and the software doesnt' seem to support Mac

[4:13:39 PM] Weekend Testing: please download the product from <http://www.mockupdata.com/>

[4:14:21 PM] Koh Takahashi: for mac as well you mean?

[4:14:39 PM] Weekend Testing: I don't think its supported on mac

[4:14:49 PM] neelima: Yes i have downloaded it and then said new project, am i on the same page?

[4:15:12 PM] Weekend Testing: anyone installed the product?

[4:15:31 PM] neelima: yes i think

[4:15:32 PM] Lavanya Saravanan: yes and created a New project

[4:15:41 PM] neelima: me too

[4:15:46 PM] Jagannath Sriramulu(Jagan): installed

[4:16:06 PM] Nikhil Patil: installed we have to work with trial version?

[4:17:11 PM] Weekend Testing: I sent you the license Nikhil

[4:17:12 PM] Lavanya Saravanan: Any specific requirement to generate test data?

[4:17:32 PM] Imam Hasan: i installed...there has no minimize button :(

[4:17:49 PM] Imam Hasan: i need to exit this to see skype conversation :(

[4:18:09 PM] Weekend Testing: issue? can you make a note of it

[4:18:17 PM] Imam Hasan: ok

[4:18:25 PM] Rahul Vig: installed

WT 90: Bug Hunting - MockUpData

[4:18:30 PM] Andrii Dzynia: this app freezes on my laptop, cannot do anything :)

[4:18:45 PM] anurag2324: that's another problem ...can't work on multiple windows

[4:18:54 PM] anurag2324: first impression is :(

[4:19:46 PM] Nikhil Patil: help pop ups not aligned properly

[4:19:56 PM] Weekend Testing: Lets make a note of issues in the test report

[4:20:04 PM] Weekend Testing: rather than writing here

[4:20:44 PM] Nikhil Patil: K...will send test report in end of 1hr session

[4:20:56 PM] Weekend Testing: yes

[4:22:04 PM] neelima: Is there any specific format to be followed for test report?

[4:22:07 PM] Andrii Dzynia: Why not be better if we create Google Doc and define checklist of functional areas first. After that we can divide out work

[4:22:18 PM] Andrii Dzynia: because now we will be doing double testing

[4:22:23 PM] Weekend Testing: 20 mins already spent

[4:22:27 PM] Andrii Dzynia: ok

[4:22:27 PM] Weekend Testing: 40 mins left

[4:29:29 PM] Weekend Testing: we could also share our test data

[4:29:37 PM] Weekend Testing: at end of session.

[4:32:41 PM] Weekend Testing: I will be back in 15 mins

[4:32:48 PM] anurag2324: ok

[4:40:44 PM] Nikhil Patil: has any one got whats the real use of this app

[4:40:57 PM] Nikhil Patil: (whew)

[4:41:10 PM] Rahul Vig: Hmm..kind of

[4:41:24 PM] neelima: look at userguide to get an idea

[4:41:28 PM] neelima: <http://mockupdata.com/help/UserGuide.html>

[4:42:11 PM] Nikhil Patil: thanks will go through help guide....

[4:43:17 PM] Rahul Vig: well, kind of interested if I am the only one facing the problem..

WT 90: Bug Hunting - MockUpData

[4:43:25 PM] Rahul Vig: No way to delete a column

[4:43:34 PM] Nikhil Patil: we can delete

[4:43:36 PM] Lavanya Saravanan: Anyone Finalised setting up test data?

[4:43:38 PM] Andrii Dzynia: righth click

[4:43:44 PM] Rahul Vig: No 1:many mapping or vice versa

[4:43:47 PM] Nikhil Patil: right click on column

[4:44:02 PM] Rahul Vig: ahh..thnx

[4:44:14 PM] anurag2324: With understanding the product ...i m making down my notes and the issues

[4:48:57 PM] Andrii Dzynia: how much time left?

[4:49:16 PM] Andrii Dzynia: do we need to send results in the chat?

[4:49:56 PM] Nikhil Patil: usually we will use dropbox to share report

[4:50:24 PM] Nikhil Patil: u can install drop box and share the report link with us

[4:52:21 PM] neelima: where can i get the drop box?

[4:52:40 PM] Nikhil Patil: dropbox.com

[4:52:49 PM] neelima: ok thanks

[4:53:00 PM] Imam Hasan: u can also share ur report using google docs ;)

[4:53:23 PM] Andrii Dzynia: I'm using mindManager, will conver it to PDF and share

[4:53:23 PM] anurag2324: fully not underatsnd the real use fi thsi apps

[4:53:23 PM] Andrii Dzynia: thanks

[4:53:35 PM] Andrii Dzynia: for CSV files generation

[4:53:40 PM] Andrii Dzynia: app is ok for less data

[4:54:13 PM] Andrii Dzynia: but there are some coner cases that not work perfectly

[4:55:16 PM] neelima: it generates test data and you can create a csv file

[4:55:29 PM] neelima: which can be uploaded into the DB

[4:59:32 PM] Nikhil Patil: Got a crash report

WT 90: Bug Hunting - MockUpData

[5:03:46 PM] Weekend Testing: back

[5:04:21 PM] Weekend Testing: five more mins

[5:04:37 PM] Andrii Dzynia: <https://dl.dropbox.com/u/10632790/mockupData.zip>

[5:04:43 PM] Weekend Testing: Thanks Andrii

[5:04:44 PM] Andrii Dzynia: there are PDF and screens there

[5:04:52 PM] Weekend Testing: who's next

[5:05:09 PM] Nikhil Patil: need some more time

[5:05:16 PM] Weekend Testing: four more mins left

[5:05:19 PM] Nikhil Patil: preparing report

[5:05:21 PM] Weekend Testing: sure

[5:05:33 PM] anurag2324: preparing report

[5:05:48 PM] Rahul Vig: any specific pointers to creating a report??

[5:06:03 PM] Weekend Testing: Name, OS, Issues / Notes

[5:08:23 PM] Koh Takahashi: Mine is here. http://dl.dropbox.com/u/4779381/Koh_MockupData.pdf

That is test plan though

[5:09:04 PM] Weekend Testing: ok

[5:09:27 PM] Weekend Testing: Anurag, Imam, Jagan, Lavanya, Neelima, Nikhil, Rahul

[5:09:33 PM] Weekend Testing: time to send in your reports

[5:09:43 PM] anurag2324: ok

[5:09:53 PM] Nikhil Patil: k

[5:10:22 PM] Weekend Testing: how many of you are first timers?

[5:11:08 PM] Rahul Vig: +1

[5:11:08 PM] Andrii Dzynia: me

[5:11:26 PM] Imam Hasan: uploading reports in drop box

[5:11:28 PM] Imam Hasan: plz wait

WT 90: Bug Hunting - MockUpData

[5:11:43 PM] neelima: me too

[5:11:43 PM] Nikhil Patil: uploading reports

[5:11:54 PM] Weekend Testing: ok, we will discuss our learning, experience now

[5:12:00 PM] Weekend Testing: who wants to go first?

[5:12:43 PM] Andrii Dzynia: I can

[5:12:44 PM] Imam Hasan: <https://www.dropbox.com/s/0refi8qq9n4d24e/issues.docx?m>

[5:12:55 PM] Nikhil Patil: <https://www.dropbox.com/s/nbxpswm9o379hng/Mock%20up%20data.txt?m>

[5:13:25 PM] Weekend Testing: yes Andrii

[5:13:28 PM] Nikhil Patil: as it took more time to understand the app, i was able to find only 3 issues

[5:13:48 PM] *** Weekend Testing added Mahesh ***

[5:13:57 PM] Andrii Dzynia: ok, so started with www and blog first to understand it's purpose

[5:14:09 PM | Edited 5:14:10 PM] Andrii Dzynia: on second laptop I was clicking around

[5:14:13 PM] Andrii Dzynia: and found some bugs

[5:14:26 PM] Andrii Dzynia: I've opened my mind map to fill what I've tested

[5:14:35 PM] Andrii Dzynia: and added notes

[5:14:45 PM] Weekend Testing: multiple laptops, cool.

[5:14:52 PM] Andrii Dzynia: also I was using hotkeys to do screenshots for issues

[5:14:58 PM] Andrii Dzynia: that saved time explaining the problem

[5:15:26 PM] Andrii Dzynia: first 10 minutes I was clicking around

[5:15:32 PM] Andrii Dzynia: after that I fill my mind map

[5:15:33 PM] anurag2324: Lil bit hard to understand

[5:15:38 PM] Andrii Dzynia: to see all the main features

[5:15:38 PM] anurag2324: time is less for testing

[5:15:45 PM] Andrii Dzynia: and started to focus on one by one

[5:16:10 PM] Nikhil Patil: agree with anurag

WT 90: Bug Hunting - MockUpData

- [5:16:20 PM] Andrii Dzynia: this session-based approach
- [5:16:27 PM] anurag2324: I have never used this kind of product earlier
- [5:16:29 PM] Andrii Dzynia: you should be limited for sessions
- [5:16:33 PM] Andrii Dzynia: to be more productive
- [5:16:51 PM] Andrii Dzynia: then your brain starts to think faster :)
- [5:17:21 PM] Andrii Dzynia: I also was using string generators for long values
- [5:17:24 PM] Koh Takahashi: I like your mindmap
- [5:17:36 PM] Andrii Dzynia: like <http://www.random.org/strings/>
- [5:17:39 PM] Rahul Vig: I've shared mine on the Google drive..Is that OK?
- [5:17:49 PM] Weekend Testing: yes
- [5:17:50 PM] Rahul Vig:
<https://docs.google.com/document/d/1D96tGCSBQFaJPRo2wPsZNVA7WhDc0ES7Dq7VUGi46Uw/edit?usp=sharing>
- [5:18:05 PM] Weekend Testing: Thanks Andrii
- [5:18:06 PM] Andrii Dzynia: my mind map is not very structured. It more looks like a notes
- [5:18:11 PM] Weekend Testing: any major problems?
- [5:18:41 PM] Andrii Dzynia: When trying to generate data with long data caused a lot issues
- [5:18:50 PM] Andrii Dzynia: developer have to check all fields for boundary values
- [5:19:04 PM] Weekend Testing: ok
- [5:19:07 PM] Weekend Testing: Thanks.
- [5:19:13 PM] Weekend Testing: any questions to Andrii?
- [5:19:35 PM] Andrii Dzynia: :)
- [5:20:01 PM] Weekend Testing: ok, if no questions, lets move to next tester
- [5:20:16 PM] Weekend Testing: who is next
- [5:20:26 PM] anurag2324: <https://www.dropbox.com/s/ue8dp6p3q0ezdwa/Mock%20up%20data%20test%20report.docx?m>
- [5:20:42 PM] anurag2324: Can i go ahead ??

WT 90: Bug Hunting - MockUpData

[5:20:45 PM] Weekend Testing: yes

[5:21:32 PM] anurag2324: In starting i faced a problem regarding append mock up window on other iwndows

[5:22:26 PM] anurag2324: as i go along, i t took time to understand the product ..and parallely i m making notes wherever i am stucking up

[5:22:35 PM] Weekend Testing: Others please be ready to directly paste your experiences.

[5:22:45 PM] Weekend Testing: ok, why so few issues?

[5:24:00 PM] anurag2324: spent lot of time in understabding and configuring ,,where to start ???..just jumping here and there in the product .time prssure

[5:24:00 PM] Weekend Testing: Neelima's report is here

[5:24:01 PM] Weekend Testing: http://weekendtesting.com/wp-content/uploads/2013/03/Neelima_3Mar2013.docx

[5:24:09 PM] Weekend Testing: ok, 1 hr is a long time

[5:24:16 PM] Weekend Testing: hope you will improve quickly.

[5:24:20 PM] Weekend Testing: Any questions?

[5:24:30 PM] Jagannath Sriramulu(Jagan):

https://www.dropbox.com/s/rsb27wz5hb4po8m/Jagannath_mockupdata_Test%20Report.docx?m

[5:24:30 PM] anurag2324: no

[5:24:34 PM] anurag2324: sure

[5:24:55 PM] Weekend Testing: Thanks Anurag.

[5:24:58 PM] Weekend Testing: who's next

[5:25:44 PM] neelima: Can i go ahead

[5:25:57 PM] neelima: It was a bit confusing at first instance

[5:25:58 PM] Weekend Testing: yes

[5:26:15 PM] neelima: After reading userguide i get to know what the application does and what has to be tested

[5:26:18 PM] Nikhil Patil: K...as i used this type of app for the first time, took more time to understand it, will try improve in coming sessions.

WT 90: Bug Hunting - MockUpData

[5:26:52 PM] neelima: but still it long time for me to understand until i do some workaround

[5:27:18 PM] Nikhil Patil: All the way it was nice.Bye folks got to go will catch u all in next session.

[5:27:41 PM] neelima: I couldn't spend much time on testing, as this is the first time. I was downloading and setting up the dropbox

[5:27:51 PM] Nikhil Patil: (y)(wave)

[5:27:52 PM] Weekend Testing: ok, Neelima - will you use the product?

[5:28:04 PM] neelima: yes for sure

[5:28:52 PM] neelima: It was generating sample code so quickly

[5:28:59 PM] Weekend Testing: cool. hope you use it more often & discover more issues

[5:29:01 PM] anurag2324: i think if perosn has not databse knowledge , this product will be li bit hard to undertand

[5:29:02 PM] Weekend Testing: who's next

[5:29:06 PM] Rahul Vig: can I go ahead?

[5:29:07 PM] Weekend Testing: yes

[5:29:23 PM] Rahul Vig: Took me sometime to get a hang of it. I guess joined a little late. I think 1 hour is a little less.(just a personal opinion). Tried multiplw tables, multiple types of rules etc.

[5:29:44 PM] Weekend Testing: 1 hr is definitely less if we try to test the whole product

[5:29:46 PM] Rahul Vig: A big problem here is that I think the many to one mapping is missing. That I guess is not much of a help in real life cases.

[5:30:04 PM] Weekend Testing: we should learn to test the high priority areas

[5:30:11 PM] Rahul Vig: Also took me some time to delete a column :(

[5:30:13 PM] Weekend Testing: and learn any product quickly

[5:30:17 PM] Weekend Testing: ok

[5:30:17 PM] Rahul Vig: and then got some help

[5:30:29 PM] Rahul Vig: hmm

[5:30:32 PM] Weekend Testing: One feature you liked?

[5:30:58 PM] Rahul Vig: rules...nice one to have permutations and combinations there

WT 90: Bug Hunting - MockUpData

[5:31:15 PM] Rahul Vig: I spent majority of my part there

[5:31:26 PM] Rahul Vig: found a few bugs..though minor

[5:31:31 PM] Weekend Testing: ok, thanks Rahul. hope to see you in future sessions too

[5:31:35 PM] Weekend Testing: who's next

[5:31:36 PM] Rahul Vig: for sure

[5:31:43 PM] Rahul Vig: (y)

[5:31:44 PM] Jagannath Sriramulu(Jagan): I will go for it

[5:31:44 PM] Weekend Testing: yes

[5:31:55 PM] Jagannath Sriramulu(Jagan): 1)Look & feel at first look is good

2) Tool tips for the app is not available, It will be helpful to give tool tips for various GUI elements when a new project is opened

3) Error checking not there for the data(Example - i checked in Options)

4) Elements for data creation - choices has to increase. (Example - for date creation - DD/MM/YYYY in all formats needs to be supported - Compare with Excel Date formatting)

My credit card validity end period is given as mm/yy. This is not available.

If i have to consider this tool for using with personal banking, it is little tough to use when compared to www.generatedata.com.Also generatedata has more options(Example - result file formats)

5) If i have to buy, i will compare with www.generatedata.com & http://www.grid-tools.com/solutions/test_data_creation.php

and based on the experience, i will buy.

I have not used grid tools in this testing

[5:32:49 PM] Jagannath Sriramulu(Jagan): personal banking ==> what i meant was using this tool for personal banking application testing

[5:33:13 PM] Weekend Testing: cool

[5:33:16 PM] Weekend Testing: Thanks Jagan

[5:33:20 PM] Weekend Testing: that was quick

[5:34:04 PM] Jagannath Sriramulu(Jagan): My report is here

==>https://www.dropbox.com/s/rsb27wz5hb4po8m/Jagannath_mockupdata_Test%20Report.docx?m

WT 90: Bug Hunting - MockUpData

[5:34:14 PM] Jagannath Sriramulu(Jagan): it has the list of issues(only 5)

[5:34:47 PM] Weekend Testing: That's ok.

[5:34:50 PM] Weekend Testing: Thanks Jagan

[5:34:54 PM] Weekend Testing: who else

[5:34:57 PM] Imam Hasan: can i continue now?

[5:35:01 PM] Weekend Testing: yes

[5:35:27 PM] Imam Hasan: my report is in here
<https://www.dropbox.com/s/0refi8qq9n4d24e/issues.docx?m>

[5:36:05 PM] Imam Hasan: i was found many usability issue...like user can't understand many things..like anurag reported a issue which is

[5:36:16 PM] Lavanya Saravanan: mine is here <https://www.dropbox.com/s/ktp5k8920x3p8pk/Mockup%20test%20result.docx?m>

[5:36:25 PM] Imam Hasan: 3. Column names are not displaying in the excel sheet when CSV report is generated

[5:36:57 PM] Imam Hasan: column names are shown if u checked it ... but it's difficult to find out the option...

[5:37:12 PM] Imam Hasan: i only tested some feature due to time consuming

[5:37:33 PM] Weekend Testing: cool, anything different you will attempt

[5:37:38 PM] Weekend Testing: in next session

[5:38:17 PM] Rahul Vig: I'll use dropbox in next session... ;)

[5:38:52 PM] Koh Takahashi: I think it's important to clarify your PC environment when you report layout broken stuff

[5:38:57 PM] Weekend Testing: :)

[5:38:58 PM] Imam Hasan: that's all from me

[5:39:07 PM] Weekend Testing: good point @Koh

[5:39:07 PM] Imam Hasan: sorry :(

[5:39:09 PM] Imam Hasan: ok i will

[5:39:12 PM] anurag2324: reconnect session everything will be on mindmap

WT 90: Bug Hunting - MockUpData

[5:39:31 PM] anurag2324: and need to change approach ...

[5:39:33 PM] Jagannath Sriramulu(Jagan): Next session, all of us should work in single mindmeister setup/google docs to add all of our comments/inputs. I have never attempted. can be a good try

[5:39:33 PM] Weekend Testing: Thanks Imam

[5:40:05 PM] Weekend Testing: Koh, Lavanya, Neelima ?

[5:40:05 PM] anurag2324: will improve..!!!!

[5:40:14 PM] Lavanya Saravanan: Can i go next

[5:40:16 PM] Weekend Testing: yes

[5:40:19 PM] Lavanya Saravanan: <https://www.dropbox.com/s/ktp5k8920x3p8pk/Mockup%20test%20result.docx?m>

[5:40:24 PM | Edited 5:40:44 PM] Andrii Dzynia: the main thing here is learning the app, test design, execution and getting the feedback for next cycle :) and agree with Jagan about collaboration

[5:40:50 PM] Lavanya Saravanan: Tested on Windows 7 64 bit

[5:41:15 PM] Lavanya Saravanan: setting up the data consumed bit of time.

[5:41:33 PM] Andrii Dzynia: it's your setup time metric :)

[5:42:08 PM] Andrii Dzynia: I think I spent 70%-75% of my time for testing

[5:42:27 PM] Andrii Dzynia: other time was spend for data, reading www and reporting

[5:42:30 PM] Weekend Testing: :) Andrii is taking about the S time in Session Based Test Management

[5:42:43 PM] Andrii Dzynia: righth :)

[5:42:50 PM] Rahul Vig: Can we have the setup, installer info before hand...even before we begin the session

[5:42:52 PM] Rahul Vig: ?

[5:43:00 PM] Andrii Dzynia: why ?

[5:43:01 PM] Rahul Vig: I guess that'll save some time

[5:43:05 PM] Andrii Dzynia: installer is also testing

[5:43:09 PM] Andrii Dzynia: :)

[5:43:12 PM] neelima: that's a good idea to save time

WT 90: Bug Hunting - MockUpData

[5:43:13 PM] Andrii Dzynia: I found one bug with it

[5:43:47 PM] Weekend Testing: it varies from session to session

[5:43:58 PM] Weekend Testing: and we do ask you folks to ping us 15 min in advance

[5:43:59 PM] Weekend Testing: :)

[5:44:21 PM] Rahul Vig: hmm...I agree with Andrii...in this case it makes sense to have the installation in the session itself

[5:44:24 PM] Jagannath Sriramulu(Jagan): Dear all, i am out. Power cut in home. No internet. Now pinging in mobile

[5:44:37 PM] Weekend Testing: ok, Lavanya - how was your first session here?

[5:44:41 PM] Rahul Vig: but there can be others in the future where setup can be done before hand

[5:45:19 PM] Andrii Dzynia: see you Jagan !

[5:45:32 PM] Rahul Vig: hmm...15 minutes should be sufficient..will be on time for next session

[5:45:42 PM] Lavanya Saravanan: It is my second session Ajay

[5:45:49 PM] Weekend Testing: ok

[5:46:35 PM] Weekend Testing: who is next

[5:46:40 PM] Weekend Testing: Thanks Lavanya

[5:46:43 PM] Koh Takahashi: i will go next

[5:46:46 PM] Weekend Testing: yes

[5:46:49 PM] Koh Takahashi: My report is here.

http://dl.dropbox.com/u/4779381/Koh_MockupData.pdf

[5:46:53 PM] Koh Takahashi: My experience was a bit different than yours because my computer which is Mac is not support.

[5:46:58 PM] Koh Takahashi: So I started with learning the software checking the website. While checking its website, i took some notes trying to think "What if...." approach. I raised some questions I want to test. It seemed basic features are simple to me however will need to verify carefully since the product will deal with a lot data.

[5:47:21 PM] Weekend Testing: reading the phrase What If

[5:47:27 PM] Weekend Testing: got me to this link

[5:47:28 PM] Weekend Testing: http://enjoytesting.blogspot.in/2012/12/release-of-my-4th-book-on-software_26.html

[5:47:30 PM] Weekend Testing: :)

[5:47:48 PM] Weekend Testing: Thanks Koh - you seem to have surveyed the documentation.

[5:48:27 PM] Koh Takahashi: No problem, your book helped

[5:49:26 PM] Weekend Testing: who's next

[5:50:18 PM] Weekend Testing: everyone done?

[5:51:58 PM] Weekend Testing: anyone here?

[5:52:10 PM] Imam Hasan: i m done :)

[5:52:23 PM] Lavanya Saravanan: I am done

[5:52:25 PM] Weekend Testing: ok, what else can be added to product

[5:52:34 PM] Weekend Testing: this will be sent to the developer

[5:53:03 PM] Koh Takahashi: Please support Mac :P

[5:53:24 PM] Weekend Testing: last few minutes

[5:53:27 PM] Weekend Testing: before we end

[5:53:30 PM] Weekend Testing: quick quick

[5:53:45 PM] Imam Hasan: please support for large data

[5:53:49 PM] Rahul Vig: Visible option to delete column

[5:53:58 PM] Rahul Vig: 1 to many mapping

[5:53:59 PM | Edited 5:55:18 PM] Imam Hasan: some times testers need large data file

[5:55:32 PM] Weekend Testing: ok, thanks for participating

[5:55:37 PM] Jagannath Sriramulu(Jagan): Test data accelerators for various usage can be considered

[5:55:41 PM] Weekend Testing: lets meet in next session.

[5:56:04 PM] Weekend Testing: The report will be updated at www.weekendtesting.com shortly

[5:56:24 PM] Koh Takahashi: Ok thanks Ajay and everyone

[5:56:34 PM] Koh Takahashi: See you next session

WT 90: Bug Hunting - MockUpData

[5:56:36 PM] Imam Hasan: thanks all

[5:56:40 PM] Jagannath Sriramulu(Jagan): Example savings bank account creation

[5:56:48 PM] neelima: thank you and see you all next week

[5:57:49 PM] Andrii Dzynia: thanks!

[5:57:54 PM] Rahul Vig: thanks all...it was fun!!

[5:58:02 PM] Lavanya Saravanan: Last one Ajay... I am not able to delete a table it says .. can't remove the last table

[5:58:29 PM] neelima: I also found that error

[5:58:52 PM] Weekend Testing: will have to ask the developer

[5:59:10 PM] Rahul Vig: The delete table should be disabled when there is only one table

[5:59:50 PM] Mahesh: Thanks.

[5:59:58 PM] Lavanya Saravanan: y should it be disabled ? User should be able to delete the existing table and recreate a new table

[6:00:11 PM] neelima: probably yes, delete option has to be enabled only when there is more than one table

There is undo and redo options as well, incase user has to do any changes

[6:01:21 PM] Lavanya Saravanan: Thanks got leave now .. Thanks all for your effort and time :) Have a nice Weekend
