[5:06:54 PM] Dwarika Dhish Mishra: very good and find that such a successful site could also have error in search result

[5:07:06 PM] Karthikeyan Palaniswamy: I could not struct with one module at a time.

[5:07:26 PM] Karthikeyan Palaniswamy: I was going here and there. I could have done better.

[5:07:27 PM] Alok Singh: It was good

[5:07:47 PM] Weekend Testing: how did you approach this task

[5:07:57 PM] Weekend Testing: as i did not see any questions

[5:08:24 PM] Karthikeyan Palaniswamy: I just started using the site but with a eye to catch a bug.

## WT 100: Pair Testing: eBay.in

---

[5:08:51 PM] Dwarika Dhish Mishra: just shared excel and were loggin bugs that we were getting in to the way

[5:09:36 PM] Karthikeyan Palaniswamy: Once I found a bug I went to file it in the excel sheet

[5:10:07 PM] Alok Singh: I started with the user's point of view, tried basic use case then Exploring here and there and later started using technical Knowledge to see the defects

[5:10:52 PM] Weekend Testing: did you folks distribute tasks?

[5:11:03 PM] Karthikeyan Palaniswamy: Not really.

[5:11:16 PM] Karthikeyan Palaniswamy: We all worked independently.

[5:11:16 PM] Alok Singh: everyone was free for whatever he is doing

[5:11:30 PM] Alok Singh: we did't set the boundaries

[5:12:10 PM] Dwarika Dhish Mishra: i have opted brans+os+and price

[5:12:22 PM] Weekend Testing: how was it different than individuals testing?

[5:12:31 PM] Weekend Testing: why work as a group then?

[5:13:08 PM] Karthikeyan Palaniswamy: At start, I asked Dwarika for guidelines.

[5:13:17 PM] Karthikeyan Palaniswamy: He guided me to start exploring the site.

[5:13:26 PM] Karthikeyan Palaniswamy: I did follow that.

[5:14:45 PM] Alok Singh: In the starting I thought of distibuting taks, but then I realized that, area is not that big hence everyone can see everything with diff mindset and approach

[5:14:56 PM] Weekend Testing: ok, cool

[5:16:03 PM] Weekend Testing: how is this feature different to similar products

[5:16:11 PM] Weekend Testing: feature

[5:16:38 PM] Dwarika Dhish Mishra: this feature is really nice but still need to tweek the search queries

[5:17:31 PM] Dwarika Dhish Mishra: mainly in low price range, search result is not matching with the expected that was reflecting on the search filter

[5:18:24 PM] Alok Singh: one major defect i found was that the Sorting order is not correct

[5:18:50 PM] Weekend Testing: Can you update the report with appropriate screenshots against each item

## WT 100: Pair Testing: eBay.in

---

[5:18:55 PM] Alok Singh: either in higher to lower neither in lower to higher

[5:19:11 PM] Dwarika Dhish Mishra: yes

[5:35:09 PM] Karthikeyan Palaniswamy: What needs to change?

[5:35:17 PM] Weekend Testing: do you think

[5:35:23 PM] Weekend Testing: anything needs to change

[5:36:04 PM] Karthikeyan Palaniswamy: A lot of products are not categoried properly and search result are inappropriate for certain search.

## WT 100: Pair Testing: eBay.in

---

[5:36:19 PM] Dwarika Dhish Mishra: number of objects count that is appearing should dependent on the brand

[5:36:19 PM] Weekend Testing: can you give exmples please

[5:36:27 PM] Dwarika Dhish Mishra: like if i m selecting samsung

[5:36:31 PM] Karthikeyan Palaniswamy: For example, I was looking for java OS phone, it shows up iPhone.

[5:36:49 PM] Weekend Testing: oh

[5:36:52 PM] Weekend Testing: what is the url

[5:36:59 PM] Weekend Testing: @Karthikeyan

[5:37:12 PM] Dwarika Dhish Mishra: and samsung shows 187 then total availble Oses's count should be 187 and all relevent Oses should be visible

[5:37:14 PM] Karthikeyan Palaniswamy: <http://deals.ebay.in/category/Mobilephones>

[5:37:34 PM] Weekend Testing: I thought it would change

[5:37:45 PM] Weekend Testing: or I could capture via Network tab

[5:37:50 PM] Karthikeyan Palaniswamy: Select Java in Operating Ssystem

[5:37:51 PM] Dwarika Dhish Mishra: like in my case samsung 943 but android is showing 3042

[5:38:00 PM] Alok Singh: Ajay, can i get ur email id plazz, so that i can send u the report with screenshot

[5:38:02 PM] Alok Singh: ??????

[5:38:10 PM] Weekend Testing: we are observing two issues at a time :)

[5:38:21 PM] Weekend Testing: explain issue with steps one by one...

[5:38:31 PM] Weekend Testing: weekendtesting@gmail.com

[5:39:09 PM] Weekend Testing: @Karthikeyan & @Dwarika: please explain the issue one after the other..

[5:39:18 PM] Dwarika Dhish Mishra: ok sir

[5:39:56 PM] Dwarika Dhish Mishra: I am making correction will send you later

[5:40:05 PM] Weekend Testing: ok

## WT 100: Pair Testing: eBay.in

---

[5:40:59 PM] Dwarika Dhish Mishra: Ok sir Here I can say that filtering has priority of Price over all kind of filtering options like Brand, Oses and Type and capacity

[5:41:13 PM] Weekend Testing: ok, which is good or bad

[5:41:18 PM] Weekend Testing: is that a problem?

[5:42:02 PM] Dwarika Dhish Mishra: I think, filter should have priority in this order Brand--> Price--> Oses-->Capcity--> type

[5:42:24 PM] Dwarika Dhish Mishra: so current filtering priority is making it tedious to understand the filtering process

[5:42:32 PM] \*\*\* Karthikeyan Palaniswamy sent inappropriateSearchResult.swf \*\*\*

[5:43:51 PM] Weekend Testing: ok

[5:44:13 PM] Weekend Testing: Did anyone compare the filtering with similar products

[5:44:17 PM] Weekend Testing: amazon?

[5:44:20 PM] Weekend Testing: flipkart?

[5:44:54 PM] Dwarika Dhish Mishra: yes sir

[5:45:10 PM] Karthikeyan Palaniswamy: I am not.

[5:45:33 PM] Alok Singh: Ajay I hv sent the report with screenshot in the mail provided by u

[5:45:43 PM] Weekend Testing: ok, what were your test ideas when you tested? What were you thinking?

[5:45:47 PM] Weekend Testing: Thanks Alok

[5:46:20 PM] Alok Singh: I just started with using it

[5:46:40 PM] Alok Singh: I didn't go much into the deep like comparing it with other similar sites.

[5:47:48 PM] \*\*\* Karthikeyan Palaniswamy sent Reprot.docx \*\*\*

[5:48:07 PM] Alok Singh: My approach was that since its already released then offcourse the prper qa of it must hav been done. So my approach was that just to explore n think abt user experience an all

[5:48:18 PM] Weekend Testing: ok

[5:48:24 PM] Weekend Testing: brave assumption :)

[5:48:44 PM] Karthikeyan Palaniswamy: I was exploring the site. I did not use techniques.

## WT 100: Pair Testing: eBay.in

---

[5:49:20 PM] Alok Singh: but later i found a couple of major issues including the sorting order defect mentioned in my report

[5:49:34 PM] Weekend Testing: If given one more chance, what will you change in your approach?

[5:50:08 PM] Karthikeyan Palaniswamy: I wanted to concentarte on one function or module at a time.

[5:50:14 PM] Alok Singh: now i will go much deeper into the functionality like

[5:50:43 PM] Karthikeyan Palaniswamy: I still get it how to see a function and test it.

[5:50:52 PM] Alok Singh: the search results according to brand, OS etc should be accurate

[5:51:04 PM] Alok Singh: the proper alignment should be fine

[5:52:03 PM] Weekend Testing: nice

[5:52:11 PM] Weekend Testing: any learning from this session

[5:52:20 PM] Weekend Testing: which you can apply in your day to day testing?

[5:53:58 PM] Alok Singh: yes, I found out that never take anything for granted even if any S/W product is released or is still into production

[5:54:12 PM] Karthikeyan Palaniswamy: It is a lot of learning for me. I see how to find by looking at bugs Dwarika and Alok found.

[5:55:53 PM] Alok Singh: It also taught me to do co-ordinate with people.

[5:56:00 PM] Weekend Testing: nice

[5:56:20 PM] Weekend Testing: any feedback on today's session, mission?

[5:57:25 PM] Alok Singh: it will be good if it consists some sort of prize money as well. :D

[5:57:39 PM] Dwarika Dhish Mishra: nice idea

[5:57:57 PM] Weekend Testing: we help you win prize money at contests by helping you practice your testing skills here

[5:58:09 PM] Alok Singh: great

[5:58:24 PM] Alok Singh: offcourse

[5:58:27 PM] Weekend Testing: Imagine if Sachin Tendulkar wanted money every time he went to practice :)

[5:58:34 PM] Karthikeyan Palaniswamy: To learn about testing

[6:00:27 PM] Karthikeyan Palaniswamy: both practical and theoretical for ISTQB?

[6:00:43 PM] \*\*\* Weekend Testing sent Software Tester.png \*\*\*

[6:01:32 PM] Karthikeyan Palaniswamy: Thanks

[6:01:56 PM] Karthikeyan Palaniswamy: Have a good evening all of you.
