[5:37:45 PM] PushpaRaj: mission to be set clearly along with the approach...

[5:38:00 PM] PushpaRaj: wat to be tested exactly...the functionality or just the navigation and UR..

[5:38:04 PM] PushpaRaj: \*UI

[5:38:12 PM] Weekend Testing: who should decide?

[5:38:32 PM] PushpaRaj: we should have done that before starting with our task..

[5:38:35 PM] srinivas kadiyala: I think: survey part would be more challenging..

If we would take the real time analysis and shout out for audiences.

This can make us to what the actual survey monkey is...

[5:38:56 PM] Weekend Testing: end to end guys

[5:39:07 PM] Weekend Testing: isn't that a important test to start with?
