[31/01/16, 3:56:24 PM] Amruth: Hi Ajay

[31/01/16, 3:56:34 PM] Amruth: Thanks for adding me to the group

[31/01/16, 3:56:39 PM] Weekend Testing: Welcome to Weekend Testing #115. I am your facilitator for today and my name is Ajay Balamurugadas.

For first time participants, let me give a brief introduction about these sessions.

These sessions are of two hours duration.

First one hour, we will work on a mission. You are free to work solo or in teams. Feel free to use any approach, tools to achieve the mission.

We will announce the mission shortly.

The next one hour, we will discuss about our learning, finding and approaches used. Feel free to ask me questions anytime, either here or in private.

After the session, we will be uploading the entire session chat transcript and the reports to the website.

Before we announce the mission, let us have a brief round of introductions.

[31/01/16, 3:56:41 PM] Amruth: And hello everyone one

Weekend Testing Session #115: DummyText.com

Jan 31, 2016

[31/01/16, 4:12:55 PM] Ajay Balamurugadas: Yes

[31/01/16, 4:13:03 PM] Trisha Chetani Agarwal: we can see you online ajay

[31/01/16, 4:13:05 PM] Ajay Balamurugadas: Find bugs and see if it's useful to testers

[31/01/16, 4:13:16 PM] Trisha Chetani Agarwal: okay.

[31/01/16, 4:13:37 PM] Amruth: Ok

[31/01/16, 4:13:48 PM] Ajay Balamurugadas: Any other questions

[31/01/16, 4:14:28 PM] Trisha Chetani Agarwal: We have understand first what dummytext does, and how it can help us day to today

[31/01/16, 4:14:32 PM] Trisha Chetani Agarwal: as we dont know now

[31/01/16, 4:15:09 PM] Trisha Chetani Agarwal: where i can generate , i saw the instruction

[31/01/16, 4:15:19 PM] Trisha Chetani Agarwal: but now the place to generate the text

[31/01/16, 4:15:38 PM] Ajay Balamurugadas: See if anyone else has found out

[31/01/16, 4:15:46 PM] Trisha Chetani Agarwal: okay

[31/01/16, 4:15:54 PM] Trisha Chetani Agarwal: yes, i found out

[31/01/16, 4:16:40 PM] Ajay Balamurugadas: First timers, any questions?

[31/01/16, 4:16:50 PM] Ajay Balamurugadas: You can ask me in private too

[31/01/16, 4:17:29 PM] Ajay Balamurugadas: Or work with a partner

[31/01/16, 4:18:17 PM] Trisha Chetani Agarwal: +1 , anyone want to partner with me ?

[31/01/16, 4:19:41 PM] Weekend Testing: Everyone got to know how to generate text?

[31/01/16, 4:19:57 PM] Weekend Testing: @Amruth, Ankit, Anna?

[31/01/16, 4:20:09 PM] Weekend Testing: @Arokya, Atulya, Gagan, Nusrat?

[31/01/16, 4:20:16 PM] Amruth: going through the website

[31/01/16, 4:20:19 PM] Arokya Samy: i working on how to generate... still i didn't fine...

[31/01/16, 4:20:25 PM] Amruth: will come back again

[31/01/16, 4:20:26 PM] Arokya Samy: find*

[31/01/16, 4:20:27 PM] Weekend Testing: ok, @Amruth

[31/01/16, 4:20:35 PM] Gagan Talwar: I got it

[31/01/16, 4:20:38 PM] Arokya Samy: but i am working on that...

[31/01/16, 4:20:45 PM] Weekend Testing: @Arokya - Trisha seems to have found. Gagan too.

[31/01/16, 4:20:50 PM] Trisha Chetani Agarwal: you can find under "Easy Attribute generator" section

[31/01/16, 4:21:18 PM] Weekend Testing: Isn't that itself an issue - ease of use - how easy it is to find the generator :) (bug)

[31/01/16, 4:21:28 PM] Trisha Chetani Agarwal: +1

[31/01/16, 4:21:59 PM] Gagan Talwar: Instructions are not clear. After copy --> Paste it just paste the Div tag

[31/01/16, 4:22:02 PM] Gagan Talwar: Nothing else

[31/01/16, 4:22:25 PM] Trisha Chetani Agarwal: and the word count sentence length is not as long as it should be , ie, 200 words : data-dummytext='span-x20-w200-s25'

[31/01/16, 4:22:28 PM] Arokya Samy: yes.. i got it.. but when i was generating with notepad and saved as html file.. and i was opening the same in browser i am getting empty

[31/01/16, 4:22:29 PM] Arokya Samy: :(

[31/01/16, 4:22:34 PM] Trisha Chetani Agarwal: This message has been removed.

[31/01/16, 4:22:56 PM] Ajay Balamurugadas: Keep noting the issues in your report

[31/01/16, 4:23:05 PM] Trisha Chetani Agarwal: ok

[31/01/16, 4:23:19 PM] Gagan Talwar: Okies. Do you want to share the report by email or here in this group ?

[31/01/16, 4:23:20 PM] Ajay Balamurugadas: At end of one hour, email to weekendtesting@gmail.com

[31/01/16, 4:23:31 PM] Gagan Talwar: Thanks .. Got it ..

[31/01/16, 4:23:43 PM] Arokya Samy: Sure Ajay.. i will send the report...

[31/01/16, 4:25:22 PM] Ajay Balamurugadas: Anyone yet to get started?

Weekend Testing Session #115: DummyText.com

Jan 31, 2016

[31/01/16, 4:26:48 PM] Trisha Chetani Agarwal: How can we justify the max count are valid

[31/01/16, 4:26:59 PM] Trisha Chetani Agarwal: did anyone find the workaround

[31/01/16, 4:27:31 PM] Ankit: sorry folks , due to netwrk issue I miss

[31/01/16, 4:27:50 PM] Weekend Testing: compare with another product that gives the count

[31/01/16, 4:27:56 PM] Weekend Testing: will that work - Trisha?

[31/01/16, 4:28:43 PM] Trisha Chetani Agarwal: sorry, didnt get you

[31/01/16, 4:29:00 PM] Weekend Testing: what do you want to check?

[31/01/16, 4:29:38 PM] Arokya Samy: <http://www.blindtextgenerator.com/lorem-ipsum>

[31/01/16, 4:29:47 PM] Arokya Samy: this is another dummy text generator..

[31/01/16, 4:29:53 PM] Trisha Chetani Agarwal: like i have selected max item count as 20 /word count as 200 , sentence length as 25 char

[31/01/16, 4:29:54 PM] Arokya Samy: we can compare with this...

[31/01/16, 4:30:11 PM] Ajay Balamurugadas: Cool

[31/01/16, 4:30:15 PM] Trisha Chetani Agarwal: so how do i jusity that i am generation same no of character

[31/01/16, 4:30:24 PM] Trisha Chetani Agarwal: Thank you for sharing

[31/01/16, 4:33:04 PM] Amruth: tag name <div> is displayed in Easy Attribute Generator regardless of selecting any other tag name from the Tag name drop down

[31/01/16, 4:33:25 PM] Amruth: is this not confusing in the website ?

[31/01/16, 4:33:46 PM] Weekend Testing: if it confuses you, it will confuse others too. make a note under issues

[31/01/16, 4:33:53 PM] Trisha Chetani Agarwal: for me default selection is P

[31/01/16, 4:34:44 PM] Gagan Talwar: The link shared is generating the characters but in the AUT I don't see any such text just tags and pasting the tags in Notepad / NotePad ++ or an HTML file doenst show any text getting generated . Or in short I don't see any dummy text getting generated..

[31/01/16, 4:34:49 PM] Amruth: @trisha I thing u can change those selections rite?

[31/01/16, 4:35:05 PM] Trisha Chetani Agarwal: Yes, i can change

[31/01/16, 4:35:59 PM] Vijaykumar Nadeshnan: When generating text it should display some dummy text also.

[31/01/16, 4:36:01 PM] Trisha Chetani Agarwal: okay , i read the information

[31/01/16, 4:36:13 PM] Trisha Chetani Agarwal: where it says the dummy text will generate in website

[31/01/16, 4:36:35 PM] Trisha Chetani Agarwal: we have to place the short code before close </body> tags

[31/01/16, 4:36:36 PM] Gagan Talwar: Check out What is DummyText.com?

[31/01/16, 4:36:50 PM] Gagan Talwar: and its 3rd point

[31/01/16, 4:36:53 PM] Trisha Chetani Agarwal: Using a simple syntax, all you have to do is add a tag attribute to any number of HTML nodes that you want to fill with dummy content. This basic example will pull placeholder text into a <p>-tag:

[31/01/16, 4:37:00 PM] Trisha Chetani Agarwal: This is a 3rd point : After your page loads as usual, the injected JavaScript will parse your HTML markup and fill in content where and how you have specified using the data-dummytext attributes. Simple as that!

[31/01/16, 4:37:19 PM] Amruth: Couldn't generate dummy text using this "data-dummytext="li-x10-w20"

[31/01/16, 4:37:33 PM] Amruth: anyone found the same behavior?

[31/01/16, 4:37:42 PM] Arokya Samy: exactly... that's what i mentioned at the first...

[31/01/16, 4:37:52 PM] Gagan Talwar: Yes, No dummy text is getting generated as the website is intended as per its context

[31/01/16, 4:37:58 PM] Trisha Chetani Agarwal: in webpage i guess.

[31/01/16, 4:38:02 PM] Trisha Chetani Agarwal: yes.

[31/01/16, 4:38:04 PM] Amruth: Yes

Weekend Testing Session #115: DummyText.com

Jan 31, 2016

[31/01/16, 4:38:14 PM] Gagan Talwar: Its confusing site , I will go away and never come back as an end user

[31/01/16, 4:38:16 PM] Trisha Chetani Agarwal: you can see the live demo

[31/01/16, 4:38:21 PM] Arokya Samy: yeah.. in web page we are getting empty...

[31/01/16, 4:38:21 PM] Trisha Chetani Agarwal: +1

[31/01/16, 4:38:31 PM] Trisha Chetani Agarwal: where it generate dummy text

[31/01/16, 4:38:36 PM] Vijaykumar Nadeshan: <http://www.dummytextgenerator.com/#jump>

[31/01/16, 4:38:41 PM] Arokya Samy: its demo and in output, its different

[31/01/16, 4:38:47 PM] Weekend Testing: folks, every minute we discuss - we are not testing.

[31/01/16, 4:40:47 PM] Amruth: `<div data-dummytext="p-x2-w100-s12-v20"></div>`

[31/01/16, 4:40:52 PM] Amruth: This last example will populate a `<div>` container with two (2) paragraphs of text (each one contained in a `<p>`-tag). Each paragraph will contain 100 words, split into sentences with a length of 12 words. Word count and sentence length values will be varied randomly by +/- 20 %:

[31/01/16, 4:41:01 PM] Amruth: This is in instruction

[31/01/16, 4:41:10 PM] Amruth: but the output is different for this

[31/01/16, 4:41:11 PM] Amruth: ??

[31/01/16, 4:41:28 PM] Vijaykumar Nadeshan: I have added dummy text while generating attribute.
`<div data-dummytext='p-x3' bxmsdbmsafbchjsgfbcjmsdbgfcjmsbcjsdbcbshjfgajsbvcjsgbfvjsbvjbdjszvbjrbjsbzvrjbsbjb ></div>` Still it shows empty page

[31/01/16, 4:42:19 PM] Amruth: Thats the issue I think we can make a note of it

[31/01/16, 4:45:07 PM] Trisha Chetani Agarwal: As WT is product owner , i have few question

[31/01/16, 4:45:15 PM] Weekend Testing: yes

[31/01/16, 4:45:36 PM] Trisha Chetani Agarwal: after inject a script also in webpage the dummy text is not generating

[31/01/16, 4:45:47 PM] Trisha Chetani Agarwal: are we missing something on the product

[31/01/16, 4:45:55 PM] Trisha Chetani Agarwal: as to share the report

[31/01/16, 4:46:15 PM] Weekend Testing: ok, we did a change recently. and the developer is on vacation. I can answer that only tomorrow.

[31/01/16, 4:46:21 PM] Weekend Testing: Please make a note of it.

[31/01/16, 4:46:39 PM] Trisha Chetani Agarwal: okay .

[31/01/16, 4:47:52 PM] Trisha Chetani Agarwal: what does variation do ?

[31/01/16, 4:48:40 PM] Weekend Testing: variation in terms of text used

[31/01/16, 4:51:49 PM] Weekend Testing: last ten mins folks.

[31/01/16, 4:52:01 PM] Weekend Testing: Please polish your reports and be ready to send it.

[31/01/16, 4:55:37 PM] Weekend Testing: Please send your reports. We will start the discussion in five minutes from now.

[31/01/16, 4:57:27 PM] Gagan Talwar: (e) sent

[31/01/16, 4:59:25 PM] Weekend Testing: received only Gagan's report

[31/01/16, 5:01:34 PM] Weekend Testing: Thanks folks

[31/01/16, 5:01:42 PM] Weekend Testing: Who is sending the reports?

[31/01/16, 5:01:49 PM] Arokya Samy: i am

[31/01/16, 5:02:01 PM] Weekend Testing: ok

[31/01/16, 5:02:01 PM] Trisha Chetani Agarwal: I am

[31/01/16, 5:02:11 PM] Anna Sabadosh: I've just sent mine

[31/01/16, 5:02:22 PM] Weekend Testing: While you folks are sending, who wants to talk about their experience?

[31/01/16, 5:02:46 PM] Anna Sabadosh: audio ? or here in chat ?

[31/01/16, 5:02:55 PM] Weekend Testing: just chat

[31/01/16, 5:03:00 PM] Weekend Testing: please type

Weekend Testing Session #115: DummyText.com

Jan 31, 2016

[31/01/16, 5:03:02 PM] Anna Sabadosh: sure lets talk
[31/01/16, 5:03:15 PM] Weekend Testing: so, is this your first time, Anna?
[31/01/16, 5:03:20 PM] Anna Sabadosh: yes
[31/01/16, 5:03:26 PM] Weekend Testing: how did you feel about the overall experience?
[31/01/16, 5:03:33 PM] Trisha Chetani Agarwal: Sent
[31/01/16, 5:04:18 PM] Trisha Chetani Agarwal: not sure, it a product bug or we missed any requirement which is not clear
[31/01/16, 5:04:38 PM] Weekend Testing: let us wait for Anna to complete
[31/01/16, 5:04:54 PM] Trisha Chetani Agarwal: ok
[31/01/16, 5:05:38 PM] Anna Sabadosh: on one hand the idea is clear but it seems for me the overall experience is quite inconsistent. I would like to see more of visual(good) examples and less text
[31/01/16, 5:06:12 PM] Weekend Testing: Was the mission easy to understand?
[31/01/16, 5:06:25 PM] Anna Sabadosh: yes
[31/01/16, 5:06:29 PM] Arokya Samy: 1.When i Open the website, i was confused how to use the website..
2.When i was looking at how to use, it was fully technical, bit makes me to google for some other websites.
[31/01/16, 5:07:01 PM] Weekend Testing: Anna - Any suggestions to the product owner?
[31/01/16, 5:08:08 PM] Anna Sabadosh: It would be nice boost up UX -> to make a bit more user friendly it seems that main features like generator and examples are not properly highlighted in my opinion
[31/01/16, 5:08:46 PM] Anna Sabadosh: live examples do not seem actually live at all
[31/01/16, 5:09:05 PM] Weekend Testing: cool, thanks a lot.
[31/01/16, 5:09:10 PM] Weekend Testing: hope you enjoyed this session.
[31/01/16, 5:09:18 PM] Weekend Testing: Let us hear what others have to say.
[31/01/16, 5:09:24 PM] Weekend Testing: Who's next?
[31/01/16, 5:10:46 PM] Gagan Talwar: Agree , UX is very bad. If I am an end user I will never return to this portal back. When design is confusing/complex its always better to have some videos as demo which explains the website and its intended behavior
[31/01/16, 5:11:03 PM] Weekend Testing: What was good in this website, Gagan?
[31/01/16, 5:11:31 PM] Arokya Samy: i hope for the same functionality, <http://www.blindtextgenerator.com/>
[31/01/16, 5:11:36 PM] Arokya Samy: this is very good..
[31/01/16, 5:12:14 PM] Trisha Chetani Agarwal: information with live demo : few have this
[31/01/16, 5:12:19 PM] Weekend Testing: Thanks Arokya
[31/01/16, 5:12:25 PM] Weekend Testing: yes
[31/01/16, 5:12:27 PM] Gagan Talwar: Good part was code getting generated with parameters , though I never got any text in HTML file. Another good thing is it explain the parameter details .
[31/01/16, 5:12:36 PM] Weekend Testing: cool
[31/01/16, 5:12:46 PM] Weekend Testing: What did you learn while testing this website, Gagan?
[31/01/16, 5:12:48 PM] Vijaykumar Nadeshan: This site is also good. <http://www.dummytextgenerator.com/#jump>
[31/01/16, 5:13:34 PM] Weekend Testing: Thanks Vijaykumar
[31/01/16, 5:13:59 PM] Weekend Testing: Any learning in this session?
[31/01/16, 5:14:56 PM] Gagan Talwar: UX plays an important role and that's my learning. It also shows that the product owners might have good intention behind portals to make life easy of others, but portals can not be in the long race if UX is not good.
[31/01/16, 5:15:10 PM] Weekend Testing: Thanks Gagan. Others?
[31/01/16, 5:16:01 PM] Trisha Chetani Agarwal: we can testing without any information and share our thoughts to product owner as a end user

Weekend Testing Session #115: DummyText.com

Jan 31, 2016

[31/01/16, 5:16:08 PM] Arokya Samy: 1.I took lot of time in understanding the functionality.. i am not sure whether its correct or not..

2.Comparing same website with some other websites, spent time more time on that..

[31/01/16, 5:16:52 PM] Weekend Testing: ok, others?

[31/01/16, 5:17:15 PM] Weekend Testing: Nusrat, you there?

[31/01/16, 5:18:28 PM] Weekend Testing: Where would you folks use this utility?

[31/01/16, 5:18:39 PM] Weekend Testing: Do you find at least two uses of this website?

[31/01/16, 5:19:01 PM] Trisha Chetani Agarwal: i like the UI not UX .

[31/01/16, 5:19:05 PM] Vijaykumar Nadeshnan: This is totally new to me. It took time for creating test strategy. What I need to test? How I need to test? Planning takes lot of time.

[31/01/16, 5:19:05 PM] Arokya Samy: i would say, this website mostly useful for the website developers...

[31/01/16, 5:19:22 PM] Vijaykumar Nadeshnan: *how to test

[31/01/16, 5:19:24 PM] Trisha Chetani Agarwal: +1

[31/01/16, 5:19:59 PM] Weekend Testing: If given another chance, what would you folks change?

[31/01/16, 5:20:04 PM] Weekend Testing: Any change in approach?

[31/01/16, 5:20:13 PM] Weekend Testing: Anna & others - what do you say?

[31/01/16, 5:20:55 PM] Vijaykumar Nadeshnan: Proper Guide or walkthrough will help user to use this site

[31/01/16, 5:21:09 PM] Gagan Talwar: Demo area , It should not just have text how it will look. But it should have section how it will work with some video or any way that PO believes will help end user.

[31/01/16, 5:22:43 PM] Weekend Testing: Those are comments for Product Engineer. What I am asking is would you change your testing approach

[31/01/16, 5:22:49 PM] Weekend Testing: if I ask you to test again

[31/01/16, 5:23:40 PM] Trisha Chetani Agarwal: we can form a group and one group only find UX bugs, another security breaches

[31/01/16, 5:23:48 PM] Trisha Chetani Agarwal: and third : functional

[31/01/16, 5:23:51 PM] Trisha Chetani Agarwal: and so on..

[31/01/16, 5:24:40 PM] Trisha Chetani Agarwal: as we are inject the script , it can cause a security bugs

[31/01/16, 5:24:56 PM] Vijaykumar Nadeshnan: @trisha.....Good Idea

[31/01/16, 5:26:26 PM] Anna Sabadosh: I don't think that in this particular stage site requires much more attention or additional approaches in testing -> it should first deal with most obvious things - that I believe had been logged during our collaborative sessions. only after I think it would make sense to find some corner cases of concentration on improving suggestions

[31/01/16, 5:27:45 PM] Trisha Chetani Agarwal: depend what is important for product owners always :)

[31/01/16, 5:28:03 PM] Weekend Testing: What was the most severe bug you found?

[31/01/16, 5:28:34 PM] Arokya Samy: Dummy texts are not coming in the Browser

[31/01/16, 5:28:37 PM] Trisha Chetani Agarwal: injecting the script is not working, when the browser reloads

[31/01/16, 5:28:48 PM] Gagan Talwar: +1 with Arokya

[31/01/16, 5:29:35 PM] Arokya Samy: Thanks Gagan

[31/01/16, 5:30:49 PM] Weekend Testing: Apart from the alternatives mentioned, do you use similar sites?

[31/01/16, 5:31:08 PM] Trisha Chetani Agarwal: randomtextgenerator

[31/01/16, 5:31:36 PM] Gagan Talwar: I have not used till now . Developer do use it for dummy text.

[31/01/16, 5:32:17 PM] Weekend Testing: ok.

[31/01/16, 5:32:24 PM] Vijaykumar Nadeshnan: dynamic dummy text generator

[31/01/16, 5:32:36 PM] Vijaykumar Nadeshnan: Meaning full text generator
