

[3:54:19 PM] \*\*\* Weekend Testing added Raghu, Vijaykumar Nadeshan \*\*\*  
[3:54:39 PM] \*\*\* Weekend Testing added Anil Joshi \*\*\*  
[3:55:06 PM] Weekend Testing: Hello Everyone  
[3:55:34 PM] Vijaykumar Nadeshan: Hi Everyone  
[3:55:42 PM] Weekend Testing: I am Ajay Balamurugadas, your facilitator for today  
[3:55:52 PM] Weekend Testing: I welcome you all to the Weekend Testing Session #120  
[3:56:01 PM] \*\*\* Weekend Testing has renamed this conversation to "WT 120: Introductions" \*\*\*  
[3:56:18 PM] Weekend Testing: While we get more people in, please introduce yourselves  
[3:57:35 PM] Vijaykumar Nadeshan: I am vijaykumar Nadeshan. Mobile App tester.  
[3:57:53 PM] Anil Joshi: Hi All, Myself Anil Joshi. Working as a Test Engineer in Bangalore for Product based company  
[3:58:16 PM] \*\*\* Weekend Testing added Srinivas Kadiyala \*\*\*  
[3:58:24 PM] \*\*\* Weekend Testing has made the chat history visible to everyone. \*\*\*  
[3:59:38 PM] Weekend Testing: Thanks, Vijay, Anil  
[3:59:39 PM] Srinivas Kadiyala: Hi Everyone,  
I am Srinivas Kadiyala. Occassional Mobile App Tester.  
Working at Mysore for Product Based Company.  
[3:59:48 PM] Weekend Testing: Welcome to both of you.  
[3:59:53 PM] Weekend Testing: Hi Srinivas, welcome back  
[4:00:05 PM] \*\*\* Weekend Testing added anurag2324 \*\*\*  
[4:00:09 PM] Weekend Testing: For those who are attending Weekend Testing for the first time, let me briefly tell you how the session happens.

For the first one hour, we will work on the mission, either in solo or teams. You can choose any testing approach or technique or tools.

The next one hour, we will discuss about how we tested, what we learned and what can we change for the next session.

Feel free to ask me questions here or in private.

[4:01:21 PM] Raghu: Hello - My name is Raghu. I am a software test lead for an IT service company and currently based in UK. I work with clients in the Insurance domain and have 10+ years of experience.

My experience is primarily in web testing and testing of insurance products. I still consider myself as a newbie for ET.

[4:02:06 PM] anurag2324: My name is Anurag ....Test engineer.

[4:02:38 PM] Weekend Testing: Hello Raghu and Anurag

[4:03:12 PM] Weekend Testing: I am Ajay Balamurugadas, co-founder of weekend testing concept, blog at [www.enjoytesting.blogspot.com](http://www.enjoytesting.blogspot.com), tweet at @ajay184f and my website: [www.TestWithAjay.com](http://www.TestWithAjay.com)

[4:03:23 PM] Weekend Testing: Nice to see you all for today's session.

[4:03:25 PM] Weekend Testing: Any questions?

[4:03:45 PM] \*\*\* Weekend Testing has renamed this conversation to "WT 120: Mission Time" \*\*\*

[4:03:54 PM] \*\*\* Weekend Testing added Ravikiran R Kulkarni \*\*\*

[4:04:01 PM] Raghu: Hi Ajay - any softwares you would want me to install upfront?

[4:04:02 PM] Vijaykumar Nadeshan: Today we are going to test mobile app right?

[4:04:17 PM] Weekend Testing: Let me announce the mission now

[4:04:27 PM] Weekend Testing: Mission: Install (Expense Log)

<https://play.google.com/store/apps/details?id=arproductions.andrew.expenselog&hl=en> on your Android device.

Your task is to complete at least 5 end to end scenarios and also report any bugs or suggestions to the app owner. At the end of one hour , you need to submit the report (txt or doc or pdf or mind map)

[4:06:51 PM] anurag2324: who is the app owner ?....What type of users mainly used this application ?

[4:07:11 PM] Weekend Testing: Email id for sending the report: weekendtesting@gmail.com

[4:07:22 PM] Weekend Testing: App owner is the developer who created this app.

[4:07:43 PM] Weekend Testing: Users: No restriction. Mostly concerned with those who want to track their expenses

[4:07:58 PM] anurag2324: ok

[4:09:06 PM] Weekend Testing: good questions. Any other questions?

[4:09:13 PM] Weekend Testing: We will stop testing at 5pm IST

[4:10:03 PM] anurag2324: This app is only for track the expenses not for purchases ...Right ??

[4:10:30 PM] Weekend Testing: you purchase and its an expense. so you log it in the app

[4:11:40 PM] Weekend Testing: Anil, Raghu, Ravi, Srinivas, Vijay - good to start?

[4:11:52 PM] Srinivas Kadiyala: yes

[4:12:00 PM] Anil Joshi: Yes started

[4:13:00 PM] Raghu: yes

[4:13:11 PM] \*\*\* Weekend Testing has renamed this conversation to "WT 120: Testing Time" \*\*\*

[4:15:17 PM] Ravikiran R Kulkarni: Yes...

[4:17:20 PM] anurag2324: started testing

[4:17:35 PM] Weekend Testing: Cool

[4:21:12 PM] Raghu: Hi Ajay - clarification on the mission

[4:21:20 PM] Raghu: What area would you want me to focus

[4:21:21 PM] Weekend Testing: yes, please ask

[4:21:38 PM] Weekend Testing: You can pick any area. Try to cover as much of the app as possible.

[4:21:50 PM] Raghu: alright

[4:22:01 PM] Weekend Testing: minimum of 5 end to end scenarios and you are free to create/test as many test scenarios as possible

[4:22:10 PM] Weekend Testing: in the 38 mins left.

[4:22:18 PM] Weekend Testing: As you will have to document all that too...

[4:23:10 PM] Raghu: ok

[4:38:40 PM] Weekend Testing: (time) left 22 mins

[4:41:44 PM] Raghu: Hi Ajay - are there any legalities involved in the use of the product

[4:41:57 PM] Raghu: Should it be compliant to any auditing?  
[4:41:57 PM] Weekend Testing: can you rephrase please  
[4:42:02 PM] Weekend Testing: ok.  
[4:42:12 PM] Weekend Testing: I am not sure. do you think it should be?  
[4:42:29 PM] Raghu: esp, as its an accounting software  
[4:42:40 PM] Weekend Testing: sure, do make a note of it in the report  
[4:43:03 PM] Raghu: No - its more of a personal use and might not need this?  
[4:43:06 PM] Raghu: imo  
[4:43:11 PM] Weekend Testing: ok  
[4:49:54 PM] Weekend Testing: Last 11 mins.  
[4:50:04 PM] Weekend Testing: Hope your report is also getting ready side by side  
[4:50:38 PM] Raghu: yes  
[4:51:02 PM] Raghu: Is there anything else you would want me as a tester to focus on for the last 10 mins?  
[4:51:32 PM] Weekend Testing: Is there anything elsel don't know what you have done. so I cannot say what else :)  
[4:51:50 PM] Weekend Testing: Maybe, you can fill this form  
[4:51:51 PM] Weekend Testing:  
[https://docs.google.com/forms/d/1qdT-\\_QLh7x48\\_altKJJxD8Tsa8r7a9nITk9mHH9V8dE/edit?usp=sharing](https://docs.google.com/forms/d/1qdT-_QLh7x48_altKJJxD8Tsa8r7a9nITk9mHH9V8dE/edit?usp=sharing)  
[4:52:03 PM] Weekend Testing: How are others doing?  
[4:52:27 PM] Weekend Testing: And each one of you will have to email me your report  
[4:52:35 PM] Weekend Testing: Email id: weekendtesting@gmail.com  
[4:53:15 PM] Raghu: I have tried evaluating the product based on HICCUPS  
[4:53:17 PM] anurag2324: Okay..Exploring and hushing - bushing in the testing jungle  
[4:53:24 PM] anurag2324: lots of info...  
[4:53:25 PM] Raghu: Is there any oracle you want me to focus on in particular?  
[4:53:44 PM] Weekend Testing: Hopefully you have covered at least 5 scenarios  
[4:55:18 PM] Raghu: Hi Ajay - i am unable to edit the form you sent me  
[4:55:32 PM] Weekend Testing: Are you aware that HICCUPPS is FEW HICCUPPS since few years?  
[4:55:48 PM] Weekend Testing: <https://goo.gl/forms/WtIIRT6s23NLaKRXo1>  
[4:55:53 PM] Weekend Testing: Please try above url  
[4:56:08 PM] Raghu: yes but too many items for a session like this  
[4:56:16 PM] Weekend Testing: hmm  
[4:56:26 PM] Weekend Testing: how are others doing?  
[4:58:38 PM] Srinivas Kadiyala: Sent the report  
[4:58:47 PM] Weekend Testing: Received Srinivas report  
[4:59:32 PM] Weekend Testing: This is the mind map Srinivas has sent.  
[4:59:36 PM] Weekend Testing: Thanks Srinivas.  
[4:59:39 PM] Vijaykumar Nadeshan: I like the concept of this app  
[4:59:52 PM] Weekend Testing: Sure, please do send the report  
[5:00:02 PM] Weekend Testing: Anil, Anurag, Raghu, Ravikiran, Vijay

[5:00:30 PM] anurag2324: yes ....Bus few minutes

[5:00:41 PM] Raghu: Emailed you now

[5:00:41 PM] Weekend Testing: Received Raghu's report

[5:01:58 PM] Weekend Testing: Received Anil's report

[5:02:15 PM] Weekend Testing: Who else has to send the report

[5:02:21 PM] Weekend Testing: we are already time up :)

[5:02:31 PM] \*\*\* Weekend Testing has renamed this conversation to "WT 120: De-brief Time"  
\*\*\*

[5:03:32 PM] Ravikiran R Kulkarni: I have sent

[5:04:45 PM] Weekend Testing: ok, here are the questions for you to prepare for next 5 mins

[5:04:53 PM] Weekend Testing: Did you understand the mission?

What were your assumptions?

Do you think you achieved the mission?

What went well in this session?

What will you change if you repeated this session?

How did you approach the mission?

What is your first impression about the app?

What is your best scenario?

Provide a summary of the best bug you found for this app.

[5:06:17 PM] Raghu: Hi Ajay - I filled in the details in your form

[5:06:24 PM] Weekend Testing: Thanks Raghu

[5:06:36 PM] Anil Joshi: Even I have filled the form

[5:06:41 PM] anurag2324: i have sent the report

[5:07:17 PM] Weekend Testing: Ok, let us go through the form responses if everyone has filled it

Vijaykumar Nadeshan

[5:07:52 PM] Weekend Testing: I see only two responses - Anil & Raghu

[5:08:16 PM] Weekend Testing: Who wants to share their experience first?

[5:08:29 PM] Raghu: I can go

[5:08:45 PM] Weekend Testing: Yes, Raghu

[5:08:59 PM] Raghu: I tried using a session notes format instead of a mind map i regularly do

[5:09:23 PM] Raghu: The intent was to compare the product per FEW HICCUPS heuristic

[5:09:38 PM] Srinivas Kadiyala: I have filled the responses too.

[5:09:50 PM] Weekend Testing: Go on Raghu.

[5:10:01 PM] Weekend Testing: Is this your first weekend testing session?

[5:10:17 PM] Raghu: No.. have done a few

[5:10:36 PM] Weekend Testing: cool.

[5:11:11 PM] Raghu: Basic functionalities of tool are ok but overall tool needs improvement for more user acceptance

anurag2324

[5:11:52 PM] Raghu: Any specific questions?

[5:11:58 PM] Weekend Testing: Do you use any app like this?

[5:12:12 PM] anurag2324: Splitwise....Is similar app

[5:12:24 PM] anurag2324: better than Expense log

[5:12:27 PM] Raghu: I compared with notebook accounting

[5:12:48 PM] Raghu: I meant the old fashioned way

[5:13:01 PM] Vijaykumar Nadeshan: For me it took time to understand the process and budget calculations. Needs to be added help screen or walk through to understand the process.

[5:13:16 PM] Weekend Testing: Sure Raghu & Vijay.

[5:13:27 PM] Raghu: Yes - i agree Vijay, user learning is slow

[5:13:33 PM | Edited 5:13:44 PM] Weekend Testing: If you were to give one feedback to the app owner, what would it be?

[5:14:14 PM] anurag2324: Please don't allow to use Ads ..and also In Personal>>atleast please provide User name.

[5:15:00 PM] Raghu: user launch should show the menu first rather than add expense

[5:15:13 PM] Anil Joshi: This is my first of this kind of session. So started with exploratory testing. It took little more time to understand the flow. I would rate this app 2.5

[5:15:17 PM] Weekend Testing: ok, Raghu. Thanks for your time & feedback

[5:15:22 PM] Weekend Testing: let us listen to others.

[5:15:28 PM] Weekend Testing: maybe start with Anil

[5:15:45 PM] Weekend Testing: Others can chip in after Anil

[5:16:01 PM] Ravikiran R Kulkarni: It would be gud if the app owner had given some tour option

[5:16:34 PM] Vijaykumar Nadeshan: There is no security for this app. No login or any passcode, because user information should be secured.

[5:16:39 PM] Weekend Testing: Anil, you want to share your feedback?

[5:16:59 PM] Anil Joshi: Yes...

[5:17:03 PM] Weekend Testing: We will go one after the other

[5:18:18 PM] Weekend Testing: everyone can ask questions, not just me :)

[5:18:18 PM] Anil Joshi: Yes Over all it was a good experience, there are many smaller things which need to be taken care. In some places the app stops working . Regarding adding and displaying of over all income and expense at the end of the month need to be shown in well formatted way ....

[5:18:52 PM] Weekend Testing: thanks Anil. what did you like about the app

[5:19:39 PM] Anil Joshi: Idea and also simply UI which will be easy for new one

[5:19:56 PM] Weekend Testing: cool, any feedback on the session?

[5:20:04 PM] Weekend Testing: other than the app

[5:20:25 PM] Anil Joshi: Enjoyed the Session. Would be happy to attend more and more....

[5:20:28 PM] Raghu: Anil - i can see you did a lot of testing on repeat transaction

[5:20:42 PM] Raghu: did that take a lot of your time?

[5:21:06 PM] Anil Joshi: Yes Raghu, we cannot edit the repeat transaction data once entered.

[5:22:28 PM] Raghu: Thanks

[5:22:45 PM] anurag2324: Suggestion....As it is a first Session of the year ...It would be better if at the end of the session. Improvements section should also be introduced

[5:22:51 PM] Weekend Testing: who wants to share next?

[5:22:59 PM] Weekend Testing: we can after every session :)

[5:23:48 PM] Srinivas Kadiyala: I can share..

[5:23:55 PM] Weekend Testing: start please

[5:24:28 PM] Srinivas Kadiyala: I used another app and there were bugs in it, almost 4.5+ rating app.

[5:24:49 PM] Srinivas Kadiyala: compare to that app, this app is in small size.

[5:25:04 PM] Srinivas Kadiyala: and although useful to include the income and expenses - basic needs.

[5:25:42 PM] Srinivas Kadiyala: there are few bugs where it changes the expense to income when saving for same record multiple times.

[5:25:54 PM] Srinivas Kadiyala: I did not understand on Graph end

[5:26:07 PM] Srinivas Kadiyala: where it shows x-axis in Letters

[5:26:54 PM] Srinivas Kadiyala: Not sure, what does that mean : J ,F , M, A ..etc.

So, either app owner should include them in android app descriptions on it

[5:27:26 PM] Srinivas Kadiyala: Not sure, why I can record expenses of next months (wasntme)

[5:27:32 PM] Weekend Testing: months Srinivas

[5:27:38 PM] Weekend Testing: J F M ...

[5:27:53 PM] Srinivas Kadiyala: So the Label should be there

[5:28:00 PM] Srinivas Kadiyala: as in Y-Axis as Amount

[5:28:32 PM] Raghu: Srinivas - I can see you have uncovered some major bugs in save and edit

[5:28:40 PM] Weekend Testing: ok, will you use the app, Srinivas?

[5:29:31 PM | Edited 5:29:43 PM] Srinivas Kadiyala: yes, I may use it as its very basic to store few info.

[5:29:42 PM] Weekend Testing: Thanks Srinivas for your time and feedback

[5:30:14 PM] Weekend Testing: Will Vijay share his feedback now?

[5:30:30 PM] Vijaykumar Nadeshan: yes

[5:31:00 PM] Vijaykumar Nadeshan: Data which we are storing into this app is sensitive.

[5:31:07 PM] Vijaykumar Nadeshan: Simple chat app having login feature to secure user chat data. In this app, we are sharing sensitive data like Salary, additional income and expenses.

App should have login feature or some other security feature.

[5:31:21 PM] Weekend Testing: good point

[5:31:28 PM] Weekend Testing: people can lock these apps too

[5:31:53 PM] Vijaykumar Nadeshan: Add still I didn't the budget amount

[5:32:04 PM] Weekend Testing: anyone locks their apps using another app?

[5:32:51 PM] anurag2324: Yes,

[5:32:56 PM] anurag2324: We can lock

[5:33:04 PM] anurag2324: I have a question ....

[5:33:54 PM] anurag2324: This app has one interesting feature called Enable Analytics. in which it says ....Enable Anonymous Analytics

[5:34:05 PM] anurag2324: Has anyone understood that and explored ?

[5:34:21 PM] anurag2324: I didn't get the use of it in the app ....

[5:34:27 PM] Vijaykumar Nadeshan: If you go to summary and do left swipe and observe, it shows budget as 645.16 and Budget remaining 645.16 for current month. For next month it shows it shows budget as 714.29 and Budget remaining 714.29. What is the calculation behind on this?

[5:34:29 PM] Weekend Testing: Isn't that supposed to send analytics? I have not used - just guessing by the name

[5:34:44 PM] Weekend Testing: ok, three threads here

[5:34:52 PM] Weekend Testing: let us take it one by one

[5:35:03 PM] Weekend Testing: - App to lock another app

- Budget

- Analytics

[5:37:28 PM] anurag2324: App to lock another App....We can lock this app by using another app (just as option avail in Clean master app in my phone to lock another app)

[5:37:36 PM] Weekend Testing: ok, thanks.

[5:37:43 PM] Weekend Testing: Let us talk about Budget now

[5:38:14 PM] Weekend Testing: Side note: <http://fontawesome.io/icons/> To know the name of the icons used in the app

[5:39:06 PM] Weekend Testing: Vijay: Did you understand Budget?

[5:39:11 PM] Weekend Testing: by what Raghu told?

[5:39:12 PM] Vijaykumar Nadeshan: No

[5:39:24 PM] Weekend Testing: Raghu & others: can you please help

[5:40:17 PM] Weekend Testing: Did you add salary Vijay?

[5:40:23 PM] Weekend Testing: Did it add up for next month?

[5:40:46 PM] Vijaykumar Nadeshan: Yes. But not added for next month

[5:40:47 PM] anurag2324: Previously , i found budget option but now could not able to see it

[5:41:45 PM] Srinivas Kadiyala: not sure where is budget option

[5:41:50 PM] Raghu: same here

[5:41:58 PM] Vijaykumar Nadeshan: Go to setting

[5:42:15 PM] Vijaykumar Nadeshan: Accounts > personal and enable

[5:42:22 PM] Weekend Testing: App > Records > Summary >

[5:42:32 PM] anurag2324: ohh got it

[5:42:53 PM] anurag2324: we need to tap on personal

[5:43:46 PM] Vijaykumar Nadeshan: Now enter your budget amount and period

[5:44:13 PM] Raghu: [5:34 PM] Vijaykumar Nadeshan:

<<< If you go to summary and do left swipe and observe, it shows budget as 645.16 and Budget remaining 645.16 for current month. For next month it shows it shows budget as 714.29 and Budget remaining 714.29. What is the calculation behind on this?Did you change budget value

[5:44:43 PM] Raghu: Genrally budget should be constant and remaining will be budget - expense

[5:44:52 PM] Vijaykumar Nadeshan: Yes I have changed my budget amount from 10000 to 20000

[5:45:33 PM] Vijaykumar Nadeshan: It is constant for current month. For next month it fluctuates

[5:46:18 PM] Vijaykumar Nadeshan: I haven't added anything for next month

[5:46:36 PM] Vijaykumar Nadeshan: I mean any income for next month

[5:46:58 PM] Weekend Testing: what would be the simplest test to confirm the behavior?

[5:47:02 PM] anurag2324: i think Analytics....Anonymous ...

[5:47:56 PM] Weekend Testing: we will talk about it after the budget discussion Anurag

[5:48:10 PM] Weekend Testing: Vijay - what would be the simplest test to confirm what you saw

[5:48:27 PM] anurag2324: ok

[5:49:14 PM] Vijaykumar Nadeshan: Add info icon next to budget - which will show brief about the budget on popup

[5:49:36 PM] Raghu: Yes i agree Vijay- the behaviour is confusing, added a budget and an expense for next month

[5:49:48 PM] Vijaykumar Nadeshan: It would be easy to understand the calculation

[5:50:01 PM] Raghu: it seems budget remaining is budget minus total

[5:50:17 PM] Raghu: doesn't make sense

[5:50:40 PM] Weekend Testing: cool, this is something for the app owner to consider for sure

[5:50:53 PM] Weekend Testing: Thanks Vijay :)

[5:50:57 PM] Weekend Testing: Who else to share

[5:51:03 PM] Weekend Testing: Ravi, Anurag

[5:51:13 PM] Weekend Testing: and analytics to be discussed

[5:51:49 PM] Ravikiran R Kulkarni: Overall the app has simple UI, this was the first time I used this kind of app,

[5:52:21 PM] Ravikiran R Kulkarni: They would have given login functionality for this app

[5:53:26 PM] anurag2324: Analytics....totally confusing for me.

[5:53:44 PM] Vijaykumar Nadeshan: Need to work more on "New Record" screen UI. Specially after enabling repeat transaction

[5:54:40 PM] Weekend Testing: Thanks Ravi & Anurag

[5:55:17 PM] Raghu: @Ravi- one of your scenarios say - 4. No restriction on providing the amount field in expenses.

[5:55:28 PM] Raghu: What restrctions do you intend?

[5:55:55 PM] Weekend Testing: Do we have time for the improvements section? :) We can talk after the restrictions discussion

[5:56:00 PM] Ravikiran R Kulkarni: The value we give in that field...I gave random value like 999999999.....

[5:56:14 PM] anurag2324: Please

[5:56:29 PM] Raghu: question is for all- how do we determine a restriction for an amount in an app like this?

[5:57:53 PM] Weekend Testing: And Abinaya (@AbiTheTester) who was also testing the app came up with the explanation for budget

[5:58:12 PM] anurag2324: Wow

[5:58:29 PM] Weekend Testing: Scenario 1: Income 5

Budget monthly (1) - so 12 for 12 months

Budget remaining: 7

[5:58:55 PM] Weekend Testing: Scenario 2: Expense 5

Budget monthly (1) - so 12 for 12 months

Budget remaining: 17

[5:59:21 PM] Weekend Testing: So it looks like  $\text{Budget Remaining} = \text{Budget} - \text{Total}$

[6:00:06 PM] Weekend Testing: It is what we understand the terms to be...

[6:00:20 PM] Vijaykumar Nadeshan: Ok

[6:00:58 PM] Weekend Testing: question is for all- how do we determine a restriction for an amount in an app like this? Maybe some 7 digits :)

[6:01:35 PM] Weekend Testing: Thanks everyone. We should wrap it up with just 2 questions for each

[6:01:54 PM] Weekend Testing: - What should be 1 feedback for app owner

- What should we improve if we repeat this session

[6:02:20 PM] anurag2324: 1 feedback - Keep it simple.

[6:02:43 PM] anurag2324: Improvement - Start with mindmap and suggest any 1 heirsutci

[6:02:44 PM] Vijaykumar Nadeshan: Easy to use without any confusion

[6:02:45 PM] Ravikiran R Kulkarni: Login functionality so that others cannot see our data

[6:04:07 PM] Weekend Testing: And what can we improve next time if we repeat the same session

[6:04:22 PM] Weekend Testing: Ex: Reports can have detailed bug reports

[6:04:58 PM] anurag2324: Sure

[6:05:03 PM] anurag2324: Detailed in ...

[6:05:11 PM] Ravikiran R Kulkarni: Ya

[6:06:12 PM] Weekend Testing: ok if no one has anything else to share, we will wrap up the session :)

[6:06:53 PM] Ravikiran R Kulkarni: :)

[6:07:25 PM] Weekend Testing: Thanks once again folks for your time today

[6:07:43 PM] Weekend Testing: Hope to see you in the next session

[6:07:50 PM] Vijaykumar Nadeshan: Thanks Ajay. Today i had wonderful session.

[6:08:02 PM] Anil Joshi: Thank you . It was great learning experience

[6:08:05 PM] Ravikiran R Kulkarni: Sure Ajay..

Bye :)

[6:08:22 PM | Edited 6:10:31 PM] Vijaykumar Nadeshan: Keep inviting us to learn new things

[6:08:31 PM] anurag2324: Thanks Ajay..nice to have a good session

[6:08:34 PM] Weekend Testing: Please feel free to share on twitter, blog, website

[6:08:47 PM] Weekend Testing: the whole chat transcript would be up on [www.weekendtesting.com](http://www.weekendtesting.com)
