## QUESTIONS

-----

1. Can each element be mixed with the every other element?

1. Is state and discovered item are two different things or same?

## OBSERVATIONS

1. Element panel : Default state 4 basic elements. In reality we have 5 basic elements

2. Assistant panel : clean, encyclopedia, hint, clean up

3. There are two types of items one which can be crafted and one which can be unlocked

4. Each basic elements can be mixed with other basic elements

5. Not necessarily each new element can be mixed with the new element

6. Not every new element can be mixed with the basic element

7. So there seems to be a condition or rule which decides if the two element can be mixed or not

8. Possible ways to find possible discoveries can be found?

1. Encyclopedia

2. Is there any rule

3. Cheat sheet
