

Approach: FreeStyle Exploratory Testing. Exploring Google Keep App and performing freestyle Exploratory testing.

Focus: Focus on usability and functionality.

When: Jul 25 2020.

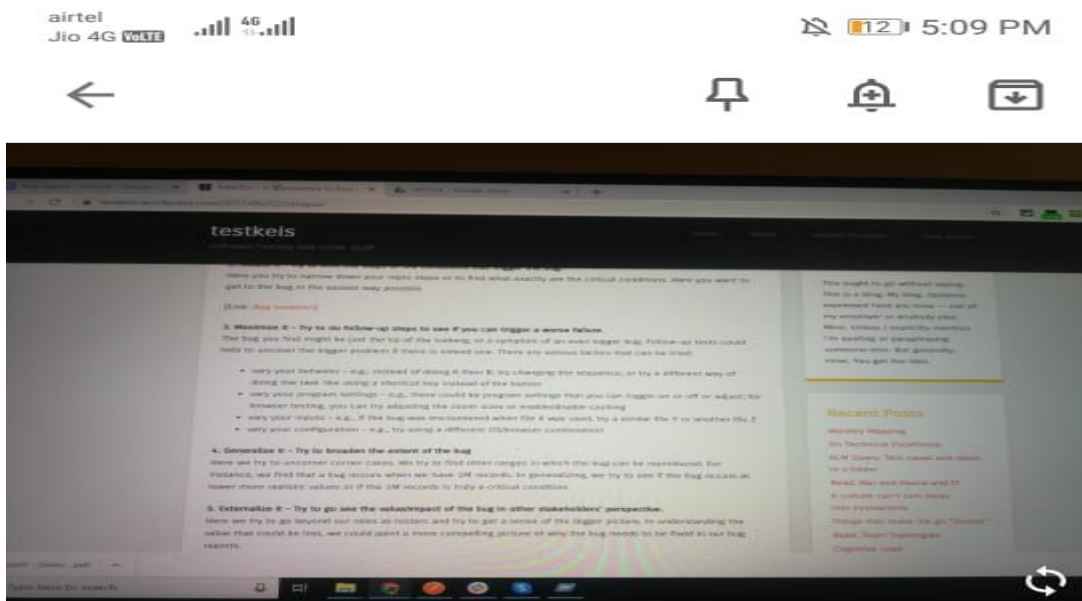

OS: Android 9

Google Keep Version: 5.20.261.03.40

Test Area: Take Photo

Bug Summary:

After taking a photo, it displays a rotate icon. But we cannot rotate the image.

Title

Note

Edited 5:09 PM

Test Area: Grab Image Text

Bug Summary:

Web Page Title is not displaying correctly.

Original Title: RIMGEA – 6 approaches to bug reporting

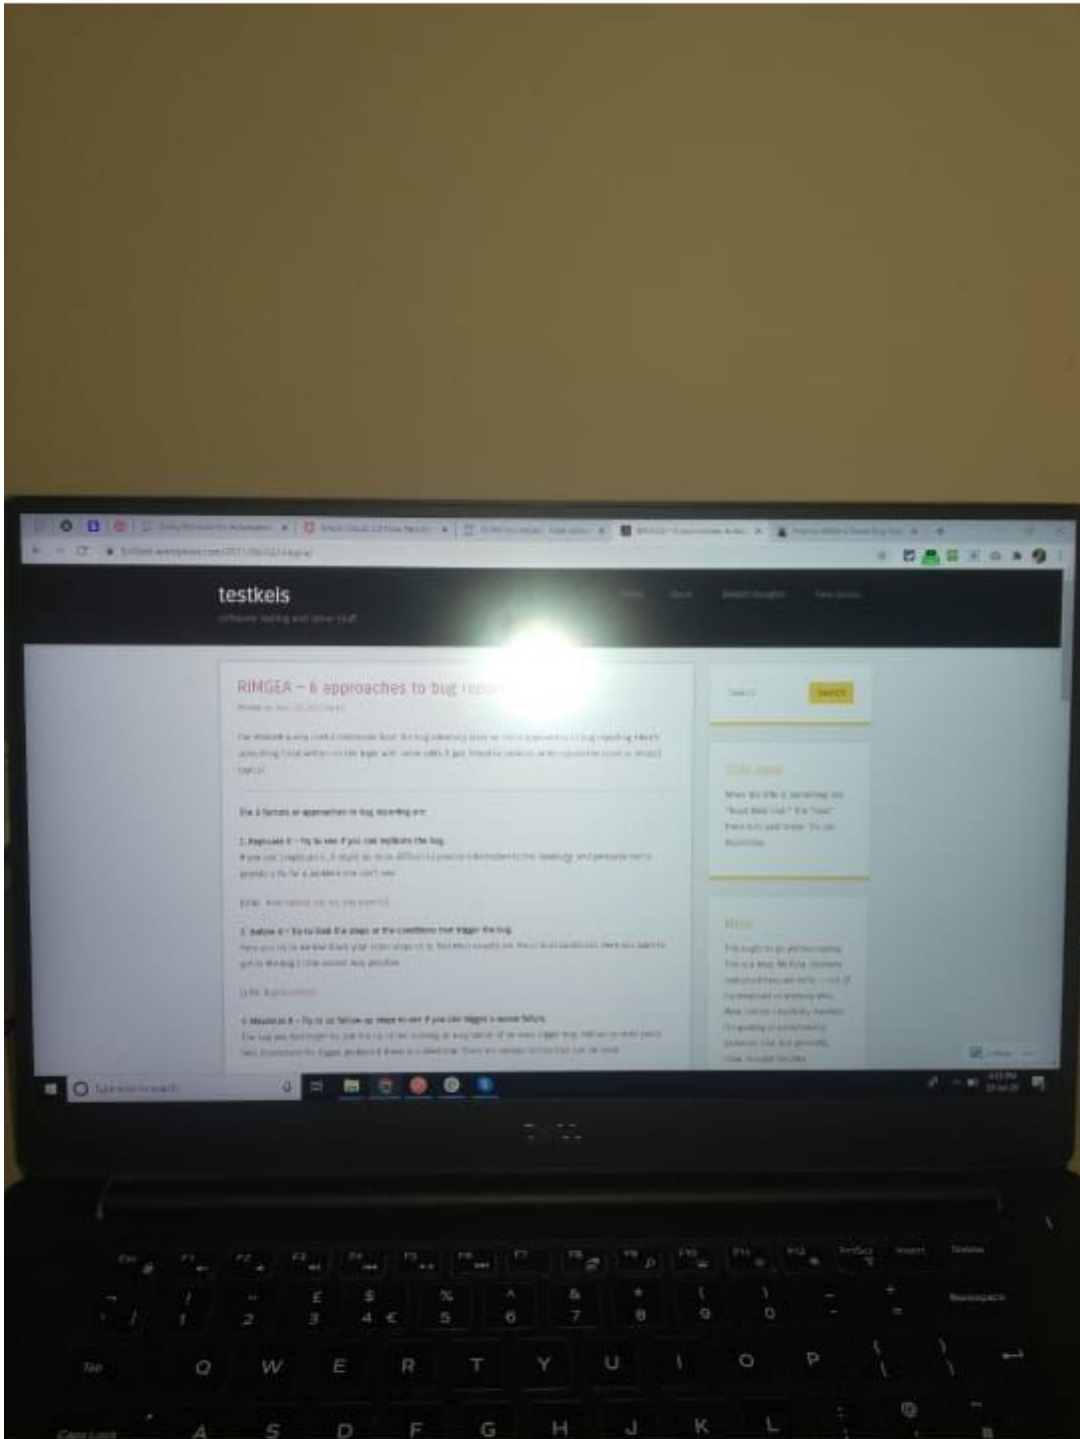

Instead of Bug: it is displaying as RIMGEA - 6 approaches to buc

Bug Summary:

It is also capturing the text from keyboard, but some text are captured which are not on Keyboard.

The text is not aligned as per keyboard.

I've learned a very useful mnemonic from the bug advocacy class on some approaches to

Edited 4:21 PM

3. Maximize it - Try to do follow-up steps to see if you can trigger a worse failure.

The bug you find might be just the tip of the iceberg, or a symptom of an even bigger bug. Follow-up tests could help to uncover the bigger problem if there is indeed one. There are various tactics that can be tried:
