

## Weekend Testing Chat Transcript #127

**Weekend, 4:00 PM**

Welcome Chidambaram and Badhurudeen.

**Weekend, 4:01 PM**

We will continue to test Google Keep and build on our work so far. We have analysed the requirements, built a product coverage outline. Now we will test in sessions.

**Chidambaram, 4:01 PM**

He badhurudeen. Hi ajay!

**Weekend, 4:01 PM**

We will wait for 2-3 minutes, just in case someone wants to join.

**badhurudeen, 4:01 PM**

sure

**Chidambaram, 4:01 PM**

Sure Ajay. Sounds good!

**Weekend, 4:05 PM**

Hello Nilesh

**Weekend, 4:05 PM**

Welcome to weekend testing session.

**Weekend, 4:06 PM**

Please introduce yourself.

**Nilesh, 4:07 PM**

Hi everyone

**Nilesh, 4:09 PM**

I'm application engineer, working for a small software company in London.

**Weekend, 4:09 PM**

Go to [www.keep.google.com](http://www.keep.google.com) and create your own charters.

A charter tells you what to test.

It can be in the format of

Explore <feature>

with <resources>

to discover <information>

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

It should not be too precise or too broad. This is from the 'Explore It' book.

**Weekend, 4:09 PM**

Once you create charter, test for 45 mins

**Chidambaram, 4:09 PM**

Welcome Nilesh!

**Weekend, 4:09 PM**

At the end of the session, ensure that your session report is ready.

**Weekend, 4:10 PM**

Your session report can have details about the session, notes, questions, ideas, bugs.

**Weekend, 4:11 PM**

once you are logged in with a Google account, you can access [keep.google.com](https://keep.google.com)

**Chidambaram, 4:12 PM**

I have a question. What is resources in this context? And also, can you give some suggestions for what the information piece could be?

**Weekend, 4:13 PM**

Resources could be <using xyz technique, tools, test data>

**Weekend, 4:13 PM**

Information can be <functional issues, bugs, usability, compatibility...>

**Chidambaram, 4:13 PM**

thanks. that helps.

**Weekend, 4:18 PM**

Feel free to test solo or in groups

**Weekend, 4:22 PM**

And if you have any questions, please do ask here or in private.

**Chidambaram, 4:23 PM**

Ajay, Hard stop at 5:00, right?

**Weekend, 4:23 PM**

yes

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Weekend, 4:41 PM**

How is it going?

**Chidambaram, 4:42 PM**

going well!

**Weekend, 4:49 PM**

last 12 mins (time) time to refine your notes and be ready

**Weekend, 4:59 PM**

are you ready?

**Weekend, 5:00 PM**

Please share your reports

**Weekend, 5:02 PM**

badhurudeen Chidambaram

**Chidambaram, 5:02 PM**

Sorry

**Chidambaram, 5:02 PM**

1 moment

**badhurudeen, 5:02 PM**

Yes final touch

**badhurudeen, 5:02 PM**

give me a min

**Chidambaram, 5:04 PM**

Ajay, I experimented using Bugasura (Chrome extension for exploratory testing) for this. -  
<https://my.bugasura.io/testReports/f9b41f3aad0292c2e45293c275cbcb16/72228>

**Weekend, 5:05 PM**

yes

**Chidambaram, 5:05 PM**

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Chidambaram, 5:05 PM**

And this is a summary of what I did in the allotted time.

**Weekend, 5:06 PM**

Notes (7) is not displayed in the report

**Weekend, 5:06 PM**

only bug is highlighted

**Weekend, 5:07 PM**

Vinodh Were you able to test?

**Vinodh, 5:07 PM**

Hi, I joined little late, but could try exploring this app

**Vinodh, 5:07 PM**

I don't have formal report, but one catch was on voice button

**Weekend, 5:08 PM**

Cool. I have about 7 notes and 1 bug. In the Functional Test Coverage table, click on the + next to Grid view content to see the notes.

Got it, thanks

**Vinodh, 5:08 PM**

If you create new note, using settings you can enable or disable voice control.... specifically if you disable it disappears from the note section, however in main menu this control still appears

**Vinodh, 5:09 PM**

Not sure if this is an intended feature :)

**Weekend, 5:09 PM**

Interesting find, Vinodh

**badhurudeen, 5:10 PM**

I started to use chrome extension 'Exploratory Testing' but i switch over to gdoc, that extension is not taking the screenshot properly the overlay

**badhurudeen, 5:10 PM**

[https://docs.google.com/document/d/1WQFqK9-1\\_5A7vE9nO-Wuje68vbj\\_GcDkly39fDxgc7Y/edit?usp=sharing](https://docs.google.com/document/d/1WQFqK9-1_5A7vE9nO-Wuje68vbj_GcDkly39fDxgc7Y/edit?usp=sharing)

**Weekend, 5:11 PM**

Is this Google Keep?

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Vinodh, 5:11 PM**

Yes, app

**Weekend, 5:12 PM**

cool.

**Weekend, 5:13 PM**

So let us go one by one

**Weekend, 5:13 PM**

Chidambaram - what was your approach and were you able to meet your mission?

**Vinodh, 5:13 PM**

To view this shared photo, go to:

<https://login.skype.com/login/sso?go=xmmfallback?pic=0-sa-d1-91d1fbd179b54f49dfac2a39ca43b5fc>

**Vinodh, 5:13 PM**

To view this shared photo, go to:

<https://login.skype.com/login/sso?go=xmmfallback?pic=0-sa-d4-210b5f01fb73d8aacf0bcce96696d6d9>

**Chidambaram, 5:16 PM**

Chidambaram - what was your approach and were you able to meet your mission?

Well, I was not able to meet my mission. I wanted to have a usability report for Google Keep but I couldn't finish it. So, I guess my approach was wrong. The mission was very broad. I also think if the Req. Analysis and PCO (previous weeks) was done better, then I could have had a better idea to define my mission.

**Weekend, 5:17 PM**

Interesting that you think PCO has an effect on today's mission

**Weekend, 5:17 PM**

What was your mission?

**Chidambaram, 5:18 PM**

'Explore Google Keep in Chrome Browser with Bugasura to discover its usability'

**Weekend, 5:18 PM**

Did you think of any usability heuristics?

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Weekend, 5:19 PM**

I remember

<https://chrome.google.com/webstore/detail/ux-check/giekhiebdpmljgchjojblinekkcgpdobp> when I think of usability

**Chidambaram, 5:19 PM**

No. I just went with my experience of using a web app. I primarily use Evernote, and so I made comparisons with it.

**Weekend, 5:19 PM**

ok, comparable with similar products heuristic then

**Weekend, 5:21 PM**

What did you learn from today's session?

**Vinodh, 5:21 PM**

Using Responsive Design Tester addon we can check webapp in different aspects like Ajay pointed out UI addon

<https://www.google.co.in/url?sa=t&source=web&rct=j&url=https://chrome.google.com/webstore/detail/responsive-design-tester/jjmifbmfmdkmpkminjccilaoelhmhen%3Fhl%3Den-GB&ved=2ahUKEwjmyO-e3tbqAhX563MBHeDZBb8QFjABegQIBRAC&usg=AOvVaw3S7BMVxkMw6WBZ4UJkgIJr>

**Weekend, 5:22 PM**

Vinodh, Badhurudeen - any questions on the report?

**Chidambaram, 5:23 PM**

What did you learn from today's session?

To be more realistic, when setting charters for a test mission.

**Weekend, 5:23 PM**

Explore It book does a great job in discussing charters

**Chidambaram, 5:24 PM**

Explore It book does a great job in discussing charters

Thank You Ajay. I have read the book once. Need to go back to it.

**Weekend, 5:24 PM**

Thank you, Chidambaram.

**Vinodh, 5:24 PM**

What did you learn from today's session?

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

Explore, think differently and evaluate different patterns agnostically

**Weekend, 5:25 PM**

Vinodh - how did you approach

**Vinodh, 5:27 PM**

Since I had less time, I did guess based exploration as this app was well tested. So looked at focusing integration layers in the interest of time as app fail to behave with integration, generally.

**Weekend, 5:28 PM**

Integration with?

**Vinodh, 5:29 PM**

Device controls (e.g) in this case settings

**Weekend, 5:29 PM**

got it

**Vinodh, 5:29 PM**

App permissions

**Weekend, 5:29 PM**

did you find any unusual bugs?

**Vinodh, 5:29 PM**

That's where most app has weak controls...

**Vinodh, 5:30 PM**

Nothing apart from I have reported above

**Weekend, 5:30 PM**

ok, have you tested mobile apps before?

**Vinodh, 5:30 PM**

I got chance to learn deep about this app today :)

**Vinodh, 5:31 PM**

ok, have you tested mobile apps before?

Yes, part of job responsibility... Android and iOS specifically health care apps. Recently tested app with AR controls

**Weekend, 5:32 PM**

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

good to know. suppose if we were to test integration of an app with other systems, what would be a checklist for integration?

**Weekend, 5:32 PM**

all

**Weekend, 5:32 PM**

Somehow I feel you want to mean Interfaces when you say Integration

**Vinodh, 5:33 PM**

Yes... certainty

**Chidambaram, 5:33 PM**

good to know. suppose if we were to test integration of an app with other systems, what would be a checklist for integration?

APIs

**Vinodh, 5:33 PM**

Data flow, responses

**Weekend, 5:34 PM**

Constraints, Data flow

**Weekend, 5:34 PM**

Timeouts

**Vinodh, 5:34 PM**

Permissions

**Chidambaram, 5:34 PM**

Installer?

**Vinodh, 5:36 PM**

Sometimes, the integration of data flowing thru app will be from web interface (admin control) so data feed, timely scheduler push (time control) also matters

**Weekend, 5:36 PM**

how would installer come into picture when we test different interfaces>

**Vinodh, 5:37 PM**

Installer?

Yes, impact based on constraints ( dependencies), package & compatibility (device version)

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Chidambaram, 5:38 PM**

May be not. I was doubtful. I was thinking that the environment in which the app runs is one of its interfaces.

**Vinodh, 5:38 PM**

how would installer come into picture when we test different interfaces>

If packaging was not proper with required bundle/dependencies then installation won't be proper. As testers our focus is on "blackbox"

**Weekend, 5:39 PM**

ok, useful points highlighted. let us ask badhurudeen to share his experience

**badhurudeen, 5:40 PM**

I started to list out the each feature around empty notes. I thought to cover all but reminder me itself took my time

**Weekend, 5:40 PM**

what test ideas did you try?

**badhurudeen, 5:41 PM**

I listed out my notes, question and bug around that

**badhurudeen, 5:41 PM**

I tried exploratory testing

**badhurudeen, 5:42 PM**

features testing

**Weekend, 5:42 PM**

no, for remind me feature - what ideas did you test?

**badhurudeen, 5:44 PM**

deep dive the feature

**Weekend, 5:44 PM**

can you be more specific

**Vinodh, 5:45 PM**

deep dive the feature

**Weekend, 5:46 PM**

example if i want to test chat feature in Skype

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Weekend, 5:46 PM**

my test ideas would be - short text

**Weekend, 5:46 PM**

long text

**Weekend, 5:46 PM**

R2L text

**Weekend, 5:46 PM**

each is an idea

**Weekend, 5:47 PM**

so, in your case, what ideas did you try?

**badhurudeen, 5:47 PM**

how it works based on the different data we supply, how respond for different date and time

**Weekend, 5:48 PM**

ok

**badhurudeen, 5:48 PM**

past date, future date,

**Weekend, 5:48 PM**

great

**badhurudeen, 5:48 PM**

leap day

**badhurudeen, 5:50 PM**

Empty Notes only displayed only once, once started to do the operation. it is not displayed after that (reloading page, change the different tabs). but it displayed once we click 'new note with drawing' Empty Notes only displayed only once, once started to do the operation. it is not displayed after that (reloading page, change the different tabs). but it displayed once we click 'new note with drawing'

**badhurudeen, 5:50 PM**

If we type wrong date in date field Feb 18 2020, it display red colour in time field, it should be displayed in date field- bug If we type wrong date in date field Feb 18 2020, it display red colour in time field, it should be displayed in date field

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Weekend, 5:50 PM**

ok, what would be the steps for empty note bug

**Vinodh, 5:52 PM**

But empty note is discarded right if we try to move back from creation - able to find any empty note Card?

**badhurudeen, 5:53 PM**

But empty note is discarded right if we try to move back from creation - able to find any empty note Card?

If deleted the notes and reload the page, or switching between other tabs, again it is not displayed

**Vinodh, 5:54 PM**

Is it pinned to archive?

**badhurudeen, 5:54 PM**

Is it pinned to archive?

yes, I pinned and deleted

**Weekend, 5:55 PM**

ok, thanks badhurudeen

**Weekend, 5:55 PM**

All - what has been your greatest learning from today's session?

**Vinodh, 5:58 PM**

Focus and Pay attention while exploring, left out bugs will be caught :)

**Weekend, 5:58 PM**

did anyone record your testing session?

**Chidambaram, 5:59 PM**

Testing is AWESOME!

**Chidambaram, 5:59 PM**

did anyone record your testing session?

No, I didn't.

**Vinodh, 5:59 PM**

Ajay, Any recommendations/tips from your side?

**Vinodh, 5:59 PM**

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

did anyone record your testing session?

No

**Weekend, 6:00 PM**

please record before starting your testing

**badhurudeen, 6:00 PM**

did anyone record your testing session?

I thought to, but my recorder got stuck (apower soft.exe), I prefer the testing rather find out that issue

**Weekend, 6:01 PM**

and stop 5 mins before time (my favorite)

**Vinodh, 6:01 PM**

and stop 5 mins before time (my favorite)

Agree...an area I have to improve.

**Chidambaram, 6:02 PM**

and stop 5 mins before time (my favorite)

This I consciously planned to do, but stopped only 2 mins before.

**badhurudeen, 6:02 PM**

and stop 5 mins before time (my favorite)

True it helps to summarise and follow th habit of timebox

**Weekend, 6:02 PM**

Thank you for joining today

**Weekend, 6:02 PM**

Next week - we will investigate few known bugs

**Vinodh, 6:03 PM**

Thank you, was new to me but a great exposure and learning

**badhurudeen, 6:03 PM**

Thanks Ajay for your valuable time

**Chidambaram, 6:03 PM**

Thank You Ajay for this wonderful initiative! It is definitely an eye opener of myself for me.

**badhurudeen, 6:03 PM**

Great learning on every week

Date: 18 July 2020

## Weekend Testing Chat Transcript #127

**Vinodh, 6:03 PM**

Thank you for spending your valuable time

**Weekend, 6:03 PM**

followed by test reporting... and other activities in testing in subsequent weekends

**Chidambaram, 6:04 PM**

followed by test reporting... and other activities in testing in subsequent weekends  
Look forward to. Thanks!

**badhurudeen, 6:04 PM**

Sure, I will join

**Weekend, 6:04 PM**

Enjoy, thanks, bye!

**Vinodh, 6:04 PM**

Thank you, Chid & Badhrudeen

**Chidambaram, 6:05 PM**

Thank You Vinodh and badhurudeen!

**badhurudeen, 6:05 PM**

Thank you all, will meet on next session
